SEMGROUP CORPORATION

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

20-3533152
(I.R.S. Employer
Identification No.)

Two Warren Place
6120 S. Yale Avenue, Suite 700
Tulsa, OK 74136-4216
(918) 524-8100

(Address, including zip code, and telephone number, including area code, of registrant's principal executive offices)
Securities registered pursuant to Section 12(b) of the Act:

| Title of Each Class | Name of Each Exchange on Which Registered |
|---|---|
| Class A Common Stock, par value \$0.01 per share | New York Stock Exchange |
| Securities registered pursuant to Section 12(g) of the Act: | |
| None | |

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes ☒ No ☐

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes ☐ No ☒

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

| | | | |
|-------------------------|-------------------------------------|---------------------------|--------------------------|
| Large Accelerated Filer | <input checked="" type="checkbox"/> | Accelerated Filer | <input type="checkbox"/> |
| Non-Accelerated Filer | <input type="checkbox"/> | Smaller Reporting Company | <input type="checkbox"/> |

(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The aggregate market value of the registrant's Class A and Class B Common Stock held by non-affiliates at June 30, 2015, was \$3,466,750,266, based on the closing price of the Class A Common Stock on the New York Stock Exchange on June 30, 2015.

At January 31, 2016, there were 43,932,174 shares of Class A Common Stock and 0 shares of Class B Common Stock outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the registrant's Proxy Statement filed pursuant to Regulation 14A of the Securities Exchange Act of 1934, in connection with the registrant's Annual Stockholders' Meeting held on May 17, 2016, are incorporated by reference into Part III of this Form 10-K.

Explanatory Note

This Amendment No. 1 ("Amendment No. 1") to the Registrant's Annual Report on Form 10-K for the year ended December 31, 2015, filed with the Securities and Exchange Commission (the "SEC") on February 26, 2016 (the "Form 10-K"), is being filed for the purpose of providing separate financial statements of NGL Energy Partners LP ("NGL Energy") in accordance with Rule 3-09 of Regulation S-X. As indicated in the Form 10-K, NGL Energy is an equity method investee in which the Registrant owns 4.7 million common units and an 11.78% interest in the general partner of NGL Energy. NGL Energy's fiscal year ends on March 31 of each year, and as such, NGL Energy's financial statements for the fiscal year ended March 31, 2016 were not available until after the date the Form 10-K was filed and, accordingly, the Registrant is filing the required NGL Energy financial statements with this Amendment No. 1. NGL Energy is solely responsible for the form and content of the NGL Energy financial statements provided herewith.

As required by the rules of the SEC, this Amendment No. 1 sets forth an amended "Item 15. Exhibits and Financial Statement Schedules" in its entirety and includes the new certifications from the Registrant's chief executive officer and chief financial officer.

Except as expressly noted herein, this Amendment No. 1 speaks as of the original filing date of the Form 10-K, does not reflect events that may have occurred subsequent to the original filing date, and does not modify or update in any way disclosures made in the Form 10-K.

Item 15. Exhibits and Financial Statement Schedules

(a) (1) **Financial Statements.** The consolidated financial statements of the Registrant included in the Form 10-K filed with the SEC on February 26, 2016, as listed on page F-1 thereof, which follows the signature page thereto.

(2)**Financial Statement Schedules.** All financial statement schedules are omitted as inapplicable or because the required information is contained in the financial statements or the notes thereto.

The financial statements of White Cliffs Pipeline, L.L.C., one of our equity method investees, are included in the Form 10-K of the Registrant filed with the SEC on February 26, 2016 as Exhibit 99.1 pursuant to Rule 3-09 of Regulation S-X.

The financial statements of NGL Energy Partners LP, one of our equity method investees, are included in this filing as Exhibit 99.2 pursuant to Rule 3-09 of Regulation S-X.

(3)**Exhibits.** The following documents are included as exhibits to this Amendment No. 1. Those exhibits below incorporated by reference herein are indicated as such by the information supplied in the parenthetical thereafter. If no parenthetical appears after an exhibit, such exhibit is filed with this Amendment No. 1 or, except as otherwise noted, was filed with the Form 10-K of the Registrant filed on February 26, 2016.

| <u>Exhibit Number</u> | <u>Description</u> |
|---------------------------|--|
| 2.1 | Fourth Amended Joint Plan of Affiliated Debtors filed with the United States Bankruptcy Court for the District of Delaware on October 27, 2009 (filed as Exhibit 2.1 to our registration statement on Form 10, File No. 001-34736 (the "Form 10")). |

**CERTIFICATION PURSUANT TO SECTION 302
OF THE SARBANES-OXLEY ACT OF 2002**

I, Carlin G. Conner, certify that:

1. I have reviewed this annual report on Form 10-K/A (Amendment No. 1) of SemGroup Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Partners
NGL Energy Partners LP

We have audited the accompanying consolidated balance sheets of NGL Energy Partners LP (a Delaware limited partnership) and subsidiaries (the “Partnership”) as of March 31, 2016 and 2015, and the related consolidated statements of operations, comprehensive income (loss), changes in equity, and cash flows for each of the three years in the period ended March 31, 2016. These financial statements are the responsibility of the Partnership’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of NGL Energy Partners LP and subsidiaries as of March 31, 2016 and 2015, and the results of their operations and their cash flows for each of the three years in the period ended March 31, 2016 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the consolidated financial statements, the Partnership adopted new accounting guidance in 2016 and 2015 related to the presentation of debt issuance costs.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Partnership’s internal control over financial reporting as of March 31, 2016, based on criteria established in the 2013 *Internal Control-Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated May 31, 2016 expressed an unqualified opinion.

/s/ GRANT THORNTON LLP

Tulsa, Oklahoma
May 31, 2016

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Partners
NGL Energy Partners LP

We have audited the internal control over financial reporting of NGL Energy Partners LP (a Delaware limited partnership) and subsidiaries (the “Partnership”) as of March 31, 2016, based on criteria established in the 2013 *Internal Control-Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Partnership’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Report on Internal Control Over Financial Reporting (“Management’s Report”). Our responsibility is to express an opinion on the Partnership’s internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Partnership maintained, in all material respects, effective internal control over financial reporting as of March 31, 2016, based on criteria established in the 2013 *Internal Control-Integrated Framework* issued by COSO.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements of the Partnership as of and for the year ended March 31, 2016, and our report dated May 31, 2016 expressed an unqualified opinion on those financial statements.

NGL ENERGY PARTNERS LP AND SUBSIDIARIES
Notes to Consolidated Financial Statements
At March 31, 2016 and 2015, and for the Years Ended March 31, 2016, 2015, and 2014

Note 1—Nature of Operations and Organization

NGL Energy Partners LP (“we,” “us,” “our,” or the “Partnership”) is a Delaware limited partnership formed in September 2010. NGL Energy Holdings LLC serves as our general partner. On May 17, 2011, we completed our initial public offering (“IPO”). Subsequent to our IPO, we significantly expanded our operations through numerous acquisitions as discussed in Note 4. At March 31, 2016, our operations include:

- Our crude oil logistics segment, the assets of which include owned and leased crude oil storage terminals and pipeline injection stations, a fleet of owned trucks and trailers, a fleet of owned and leased railcars, a fleet of owned barges and towboats, and interests in two crude oil pipelines. Our crude oil logistics segment purchases crude oil from producers and transports it to refineries or for resale at owned and leased pipeline injection stations, storage terminals, barge loading facilities, rail facilities, refineries, and other trade hubs.
- Our water solutions segment, the assets of which include water pipelines, water treatment and disposal facilities, washout facilities, and solid waste disposal facilities. Our water solutions segment provides services for the treatment and disposal of wastewater generated from crude oil and natural gas production and for the disposal of solids such as tank bottoms and drilling fluids and performs truck washouts. In addition, our water solutions segment sells the recycled water and recovered hydrocarbons that result from performing these services.
- Our liquids segment, which supplies natural gas liquids to retailers, wholesalers, refiners, and petrochemical plants throughout the United States and in Canada, and which provides natural gas liquids terminaling and storage services through its 19 owned terminals throughout the United States, its salt dome storage facility in Utah, and its leased storage and railcar transportation services through its fleet of leased railcars.
- Our retail propane segment, which sells propane, distillates, and equipment and supplies to end users consisting of residential, agricultural, commercial, and industrial customers and to certain resellers in 25 states and the District of Columbia.
- Our refined products and renewables segment, which conducts gasoline, diesel, ethanol, and biodiesel marketing operations. We purchase refined petroleum and renewable products primarily in the Gulf Coast, Southeast and Midwest regions of the United States and schedule them for delivery at various locations. See Note 14 for a discussion of our interests in TransMontaigne Partners L.P. (“TLP”).

Recent Developments

On February 1, 2016, we completed the sale of our general partner interest in TLP to an affiliate of ArcLight Capital Partners (“ArcLight”). As a result, on February 1, 2016, we deconsolidated TLP and began to account for our limited partner investment in TLP using the equity method of accounting. See Note 14 for a discussion of the sale. Our investment in TLP is included in investments in unconsolidated entities in our consolidated balance sheet. As TLP was previously a consolidated entity, our consolidated statement of operations includes ten months of TLP’s operations and income attributable to the noncontrolling interests of TLP, and two months of our equity in earnings of TLP, the period after the deconsolidation.

Note 2—Significant Accounting Policies

Basis of Presentation

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States (“GAAP”). The accompanying consolidated financial statements include our accounts and those of our controlled subsidiaries. All significant intercompany transactions and account balances have been eliminated in consolidation. Investments we cannot control, but can exercise significant influence over, are accounted for using the equity method of accounting. We also own an undivided interest in a crude oil pipeline (see Note 16). We will include our proportionate share of assets, liabilities, and expenses related to this pipeline in our consolidated financial statements.

We have reclassified certain prior period financial statement information to be consistent with the classification methods used in the current fiscal year. These reclassifications did not impact previously reported amounts of equity, net income, or cash flows. In addition, certain balances at March 31, 2015 were adjusted to reflect the final acquisition accounting for certain business combinations.

In the fourth quarter of fiscal year 2016, we identified an immaterial error in our previously issued financial statements for the year ended March 31, 2015. We have changed our previously issued consolidated balance sheet as of March 31, 2015 and consolidated statements of operations, consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows for the year ended March 31, 2015 for the correction of this immaterial error. The impact of this error correction is more specifically described in Note 17.

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the amount of assets and liabilities reported at the date of the consolidated financial statements and the amount of revenues and expenses reported during the periods presented.

Critical estimates we make in the preparation of our consolidated financial statements include determining the fair value of assets and liabilities acquired in business combinations, the collectability of accounts receivable, the recoverability of inventories, useful lives and recoverability of property, plant and equipment and amortizable intangible assets, the impairment of assets, the fair value of asset retirement obligations, the value of equity-based compensation, and accruals for various commitments and contingencies, among others. Although we believe these estimates are reasonable, actual results could differ from those estimates.

Fair Value Measurements

We record our commodity derivative instruments and assets and liabilities acquired in business combinations at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Fair value is based upon assumptions that market participants would use when pricing an asset or liability. We use the following fair value hierarchy, which prioritizes valuation technique inputs used to measure fair value into three broad levels:

- Level 1—Quoted prices in active markets for identical assets and liabilities that we have the ability to access at the measurement date.
- Level 2—Inputs (other than quoted prices included within Level 1) that are either directly or indirectly observable for the asset or liability, including (i) quoted prices for similar assets or liabilities in active markets, (ii) quoted prices for identical or similar assets or liabilities in inactive markets, (iii) inputs other than quoted prices that are observable for the asset or liability, and (iv) inputs that are derived from observable market data by correlation or other means. Instruments categorized in Level 2 include non-exchange traded derivatives such as over-the-counter commodity price swap and option contracts. We determine the fair value of all of our derivative financial instruments utilizing pricing models for similar instruments. Inputs to the pricing models include publicly available prices and forward curves generated from a compilation of data gathered from third parties.
- Level 3—Unobservable inputs for the asset or liability including situations where there is little, if any, market activity for the asset or liability.

The fair value hierarchy gives the highest priority to quoted prices in active markets (Level 1) and the lowest priority to unobservable data (Level 3). In some cases, the inputs used to measure fair value might fall into different levels of the fair value hierarchy. The lowest level input that is significant to a fair value measurement determines the applicable level in the fair value hierarchy. Assessing the significance of a particular input to a fair value measurement requires judgment, considering factors specific to the asset or liability.

Derivative Financial Instruments

We record all derivative financial instrument contracts at fair value in our consolidated balance sheets except for certain contracts that qualify for the normal purchase and normal sale election. Under this accounting policy election, we do not record the contracts at fair value at each balance sheet date; instead, we record the purchase or sale at the contracted value once the delivery occurs.

We have not designated any financial instruments as hedges for accounting purposes. All changes in the fair value of our commodity derivative instruments that do not qualify as normal purchases and normal sales (whether cash transactions or non-cash mark-to-market adjustments) are reported within cost of sales in our consolidated statements of operations, regardless of whether the contract is physically or financially settled.

We utilize various commodity derivative financial instrument contracts to attempt to reduce our exposure to price fluctuations. We do not enter into such contracts for trading purposes. Changes in assets and liabilities from commodity derivative financial instruments result primarily from changes in market prices, newly originated transactions, and the timing of settlements. We attempt to balance our contractual portfolio in terms of notional amounts and timing of performance and delivery obligations. However, net unbalanced positions can exist or are established based on our assessment of anticipated market movements. Inherent in the resulting contractual portfolio are certain business risks, including market risk and credit risk. Market risk is the risk that the value of the portfolio will change, either favorably or unfavorably, in response to changing market conditions. Credit risk is the risk of loss from nonperformance by suppliers, customers or financial counterparties to a contract. Procedures and limits for managing commodity price risks and credit risks are specified in our market risk policy and credit risk policy, respectively. Open commodity positions and market price changes are monitored daily and are reported to senior management and to marketing operations personnel. Credit risk is monitored daily and exposure is minimized through customer deposits, restrictions on product liftings, letters of credit, and entering into master netting agreements that allow for offsetting counterparty receivable and payable balances for certain transactions.

Revenue Recognition

We record product sales revenues when title to the product transfers to the purchaser, which typically occurs when the purchaser receives the product. We record terminaling, transportation, storage, and service revenues when the service is performed, and we record tank and other rental revenues over the lease term. Several of our terminaling service agreements with throughput customers, allow us to receive the product volume gained resulting from differences between the measurement of product volumes received and distributed at our terminaling facilities. Such differences are due to the inherent variances in measurement devices and methodology. We record revenues for the net proceeds from the sale of the product gained. Revenues for our water solutions segment are recognized when we obtain the wastewater at our treatment and disposal facilities.

We report taxes collected from customers and remitted to taxing authorities, such as sales and use taxes, on a net basis. We include amounts billed to customers for shipping and handling costs in revenues in our consolidated statements of operations. We enter into certain contracts whereby we agree to purchase product from a counterparty and sell the same volume of product to the same counterparty at a different location or time. When such agreements are entered into at the same time and in contemplation of each other, we record the revenues for these transactions net of cost of sales.

Revenues include \$5.8 million and \$0.7 million during the years ended March 31, 2016 and 2015, respectively, associated with the amortization of a liability recorded in the acquisition accounting for an acquired business related to certain out-of-market revenue contracts.

Cost of Sales

We include all costs we incur to acquire products, including the costs of purchasing, terminaling, and transporting inventory, prior to delivery to our customers, in cost of sales. Cost of sales excludes depreciation of our property, plant and equipment. Cost of sales includes amortization of certain contract-based intangible assets of \$6.7 million, \$7.8 million, and \$6.2 million during the years ended March 31, 2016, 2015, and 2014, respectively.

Depreciation and Amortization

Depreciation and amortization in our consolidated statements of operations includes all depreciation of our property, plant and equipment and amortization of intangible assets other than debt issuance costs, for which the amortization is recorded to interest expense, and certain contract-based intangible assets, for which the amortization is recorded to cost of sales.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand and time deposits, and funds invested in highly liquid instruments with maturities of three months or less at the date of purchase. At times, certain account balances may exceed federally insured limits.

Supplemental Cash Flow Information

Supplemental cash flow information is as follows for the periods indicated:

| | Year Ended March 31, | | |
|---|----------------------|-----------|-----------|
| | 2016 | 2015 | 2014 |
| | (in thousands) | | |
| Interest paid, exclusive of debt issuance costs and letter of credit fees | \$ 117,185 | \$ 90,556 | \$ 31,827 |
| Income taxes paid (net of income tax refunds) | \$ 2,300 | \$ 22,816 | \$ 1,639 |

Cash flows from settlements of commodity derivative instruments are classified as cash flows from investing activities in our consolidated statements of cash flows, and adjustments to the fair value of commodity derivative instruments are included in operating activities.

Accounts Receivable and Concentration of Credit Risk

We operate in the United States and Canada. We grant unsecured credit to customers under normal industry standards and terms, and have established policies and procedures that allow for an evaluation of each customer's creditworthiness as well as general economic conditions. The allowance for doubtful accounts is based on our assessment of the collectability of customer accounts, which assessment considers the overall creditworthiness of customers and any specific disputes. Accounts receivable are considered past due or delinquent based on contractual terms. We write off accounts receivable against the allowance for doubtful accounts when collection efforts have been exhausted.

We execute netting agreements with certain customers to mitigate our credit risk. Receivables and payables are reflected at a net balance to the extent a netting agreement is in place and we intend to settle on a net basis.

Our accounts receivable consist of the following at the dates indicated:

| Segment | March 31, 2016 | | March 31, 2015 | |
|---------------------------------|------------------|---------------------------------|------------------|---------------------------------|
| | Gross Receivable | Allowance for Doubtful Accounts | Gross Receivable | Allowance for Doubtful Accounts |
| | (in thousands) | | | |
| Crude oil logistics | \$ 175,341 | \$ 8 | \$ 600,896 | \$ 382 |
| Water solutions | 34,952 | 4,514 | 38,689 | 709 |
| Liquids | 73,478 | 505 | 99,699 | 1,133 |
| Retail propane | 31,583 | 965 | 55,147 | 1,619 |
| Refined products and renewables | 211,259 | 936 | 234,802 | 524 |
| Other | 1,329 | — | 897 | — |
| Total | \$ 527,942 | \$ 6,928 | \$ 1,030,130 | \$ 4,367 |

Changes in the allowance for doubtful accounts are as follows for the periods indicated:

| | Year Ended March 31, | | |
|--|----------------------|----------|----------|
| | 2016 | 2015 | 2014 |
| | (in thousands) | | |
| Allowance for doubtful accounts, beginning of period | \$ 4,367 | \$ 2,822 | \$ 1,760 |
| Provision for doubtful accounts | 5,628 | 4,105 | 2,445 |
| Write off of uncollectible accounts | (3,067) | (2,560) | (1,383) |
| Allowance for doubtful accounts, end of period | \$ 6,928 | \$ 4,367 | \$ 2,822 |

We did not have any customers that represented over 10% of consolidated revenues for fiscal years 2016, 2015 and 2014.

Inventories

We value our inventories at the lower of cost or market, with cost determined using either the weighted-average cost or the first in, first out (FIFO) methods, including the cost of transportation and storage. Market is determined based on estimated replacement cost using prices at the end of the reporting period. In performing this analysis, we consider fixed-price forward commitments and the opportunity to transfer propane inventory from our wholesale liquids business to our retail propane business to sell the inventory in retail markets. At March 31, 2016 and 2015, our inventory values were reduced by \$13.3 million and \$16.8 million, respectively, of lower of cost or market adjustments.

Inventories consist of the following at the dates indicated:

| | March 31, | |
|----------------------|-------------------|-------------------|
| | 2016 | 2015 |
| | (in thousands) | |
| Crude oil | \$ 84,030 | \$ 145,412 |
| Natural gas liquids— | | |
| Propane | 28,639 | 44,798 |
| Butane | 8,461 | 8,668 |
| Other | 6,011 | 3,874 |
| Refined products— | | |
| Gasoline | 80,569 | 128,092 |
| Diesel | 99,398 | 59,097 |
| Renewables | 52,458 | 44,668 |
| Other | 8,240 | 7,416 |
| Total | <u>\$ 367,806</u> | <u>\$ 442,025</u> |

Investments in Unconsolidated Entities

We own noncontrolling interests in certain entities. We account for these investments using the equity method of accounting. Under the equity method, we do not report the individual assets and liabilities of these entities on our consolidated balance sheets; instead, our ownership interests are reported within investments in unconsolidated entities on our consolidated balance sheets. Under the equity method, the investment is recorded at acquisition cost, increased by our proportionate share of any earnings and additional capital contributions and decreased by our proportionate share of any losses, distributions paid, and amortization of any excess investment. Excess investment is the amount by which our total investment exceeds our proportionate share of the historical net book value of the net assets of the investee.

As discussed below, on February 1, 2016, we sold our general partner interest in TLP. As a result, on February 1, 2016, we deconsolidated TLP and began to account for our limited partner investment in TLP using the equity method of accounting. Also, as part of the deconsolidation of TLP, our previous investments in Battleground Oil Specialty Terminal Company LLC (“BOSTCO”), which owns a refined products storage facility, and Frontera Brownsville LLC (“Frontera”) are no longer disclosed as investments in unconsolidated entities.

Our investments in unconsolidated entities consist of the following at the dates indicated:

| Entity | Segment | Ownership Interest | Date Acquired or Formed | March 31, | |
|---------------------------------------|---------------------------------|--------------------|-------------------------|----------------|------------|
| | | | | 2016 | 2015 |
| | | | | (in thousands) | |
| Glass Mountain (1) | Crude oil logistics | 50.0% | December 2013 | \$ 179,594 | \$ 187,590 |
| TLP (2) | Refined products and renewables | 19.6% | July 2014 | 8,301 | — |
| BOSTCO (3) | Refined products and renewables | 42.5% | July 2014 | — | 238,146 |
| Frontera (3) | Refined products and renewables | 50.0% | July 2014 | — | 16,927 |
| Water supply company | Water solutions | 35.0% | June 2014 | 15,875 | 16,471 |
| Water treatment and disposal facility | Water solutions | 50.0% | August 2015 | 2,238 | — |
| Ethanol production facility | Refined products and renewables | 19.0% | December 2013 | 12,570 | 13,539 |
| Retail propane company | Retail propane | 50.0% | April 2015 | 972 | — |
| Total | | | | \$ 219,550 | \$ 472,673 |

- (1) When we acquired Gavilon Energy, we recorded the investment in Glass Mountain, which owns a crude oil pipeline in Oklahoma, at fair value. Our investment in Glass Mountain exceeds our proportionate share of the historical net book value of Glass Mountain's net assets by \$74.6 million at March 31, 2016. This difference relates primarily to goodwill and customer relationships.
- (2) On February 1, 2016, we deconsolidated TLP (see Note 1 and Note 14), and as a result, we recorded our equity method investment in TLP. On April 1, 2016, we sold all of the TLP common units that we held (see Note 19).
- (3) As part of the deconsolidation of TLP on February 1, 2016, our previous investments in BOSTCO and Frontera are no longer disclosed as investments in unconsolidated entities.

The following table summarizes the cumulative earnings (loss) from our unconsolidated entities and cumulative distributions received from our unconsolidated entities at March 31, 2016:

| Entity | Cumulative Earnings (Loss) | Cumulative Distributions |
|---------------------------------------|------------------------------|---------------------------------------|
| | From Unconsolidated Entities | Received From Unconsolidated Entities |
| | (in thousands) | |
| Glass Mountain | \$ 7,251 | \$ 23,260 |
| TLP | 807 | — |
| BOSTCO | 13,432 | 23,491 |
| Frontera | 3,779 | 4,274 |
| Water supply company | (625) | — |
| Water treatment and disposal facility | 44 | 96 |
| Ethanol production facility | 5,961 | 7,028 |
| Retail propane company | (528) | — |

Summarized financial information of our unconsolidated entities is as follows for the dates and periods indicated:

Balance sheets -

| | Current Assets | | Noncurrent Assets | | Current Liabilities | | Noncurrent Liabilities | |

Other Noncurrent Assets

Other noncurrent assets consist of the following at the dates indicated:

| | March 31, | |
|---------------------|----------------|------------|
| | 2016 | 2015 |
| | (in thousands) | |
| Loan receivable (1) | \$ 49,827 | \$ 58,050 |
| Linefill (2) | 35,060 | 35,060 |
| Tank bottoms (3) | 42,044 | — |
| Other | 49,108 | 19,802 |
| Total | \$ 176,039 | \$ 112,912 |

(1) Represents a loan receivable associated with our financing of the construction of a natural gas liquids facility to be utilized by a third party.

(2) Represents minimum volumes of crude oil we are required to leave on certain third-party owned pipelines under long-term shipment commitments. At March 31, 2016, linefill consisted of 487,104 barrels of crude oil.

- (3) Tank bottoms, which are product volumes required for the operation of storage tanks, are recorded at historical cost. We recover tank bottoms when the storage tanks are removed from service. At March 31, 2016, tank bottoms held in third party terminals consisted of 366,212 barrels of refined products. Tank bottoms held in terminals we own are included within property, plant and equipment (see Note 5).

Accrued Expenses and Other Payables

Accrued expenses and other payables consist of the following at the dates indicated:

| | March 31, | |
|--|-------------------|-------------------|
| | 2016 | 2015 |
| | (in thousands) | |
| Accrued compensation and benefits | \$ 40,517 | \$ 52,078 |
| Excise and other tax liabilities | 59,455 | 43,847 |
| Derivative liabilities | 28,612 | 27,950 |
| Accrued interest | 20,543 | 23,065 |
| Product exchange liabilities | 5,843 | 15,480 |
| Deferred gain on sale of general partner interest in TLP | 30,113 | — |
| Other | 29,343 | 39,929 |
| Total | <u>\$ 214,426</u> | <u>\$ 202,349</u> |

Property, Plant and Equipment

We record property, plant and equipment at cost, less accumulated depreciation. Acquisitions and improvements are capitalized, and maintenance and repairs are expensed as incurred. As we dispose of assets, we remove the cost and related accumulated depreciation from the accounts, and any resulting gain or loss is included in loss on disposal or impairment of assets, net. We compute depreciation expense on a majority of our property, plant and equipment using the straight-line method over the estimated useful lives of the assets (see Note 5).

We evaluate the carrying value of our property, plant and equipment for potential impairment when events and circumstances warrant such a review. A long-lived asset group is considered impaired when the anticipated undiscounted future cash flows from the use and eventual disposition of the asset group is less than its carrying value. In that event, we recognize a loss equal to the amount by which the carrying value exceeds the fair value of the asset group (see Note 14).

Intangible Assets

Our intangible assets include contracts and arrangements acquired in business combinations, including customer relationships, pipeline capacity rights, a water facility development agreement, executory contracts and other agreements, covenants not to compete, trade names, and customer commitments. In addition, we capitalize certain debt issuance costs associated with our revolving credit facilities. We amortize the majority of our intangible assets on a straight-line basis over the assets estimated useful lives (see Note 7). We amortize debt issuance costs over the terms of the related debt on a method that approximates the effective interest method.

We evaluate the carrying value of our amortizable intangible assets for potential impairment when events and circumstances warrant such a review. A long-lived asset group is considered impaired when the anticipated undiscounted future cash flows from the use and eventual disposition of the asset group is less than its carrying value. In that event, we recognize a loss equal to the amount by which the carrying value exceeds the fair value of the asset group. When we cease to use an acquired trade name, we test the trade name for impairment using the “relief from royalty” method and we begin amortizing the trade name over its estimated useful life as a defensive asset.

Debt Issuance Costs

In April 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-03, “Simplifying the Presentation of Debt Issuance Costs.” On March 31, 2016, we adopted this ASU, which requires certain debt issuance costs to be reported as a reduction to the carrying amount of the long-term debt. This ASU does not apply to debt issuance costs related to revolving credit facilities, and we continue to report such debt issuance costs as intangible assets. We have applied this ASU retrospectively to our March 31, 2015 consolidated balance sheet. The following table compares the intangible asset and long-term debt balances as currently reported to the amounts that would have been reported under the old accounting standard:

| | At March 31, | | | |
|-------------------|------------------|-------------------|------------------|-------------------|
| | 2016 | | 2015 | |
| | Current Standard | Previous Standard | Current Standard | Previous Standard |
| | (in thousands) | | | |
| Intangible assets | \$ 1,148,890 | \$ 1,164,390 | \$ 1,232,308 | \$ 1,250,143 |
| Long-term debt | 2,912,837 | 2,928,337 | 2,727,464 | 2,745,299 |

Goodwill

Goodwill represents the excess of cost over the fair value of net assets of acquired businesses. Business combinations are accounted for using the “acquisition method” (see Note 4). We expect that substantially all of our goodwill at March 31, 2016 is deductible for income tax purposes.

Goodwill and indefinite-lived intangible assets are not amortized, but instead are evaluated for impairment periodically. We perform our annual assessment of impairment during the fourth quarter of our fiscal year, and more frequently if circumstances warrant.

To perform this assessment, we consider qualitative factors to determine whether it is more likely than not that the fair value of each reporting unit exceeds its carrying amount. If we conclude that it is more likely than not that the fair value of a reporting unit exceeds its carrying amount, we perform the following two-step goodwill impairment test:

- In the first step of the goodwill impairment test, we compare the fair value of the reporting unit with its carrying amount, including goodwill. If the fair value of a reporting unit exceeds its carrying amount, goodwill of the reporting unit is not considered impaired. If the carrying amount of a reporting unit exceeds its fair value, we perform the second step of the goodwill impairment test to measure the amount of impairment loss, if any.
- In the second step of the goodwill impairment test, we compare the implied fair value of reporting unit goodwill with the carrying amount of that goodwill. If the carrying amount of the reporting unit goodwill exceeds the implied fair value of that goodwill, an impairment loss is recognized in an amount equal to that excess.

Estimates and assumptions used to perform the impairment evaluation are inherently uncertain and can significantly affect the outcome of the analysis. The estimates and assumptions we used in the annual assessment for impairment of goodwill included market participant considerations and future forecasted operating results. Changes in operating results and other assumptions could materially affect these estimates. See Note 14 further a further discussion and analysis of our goodwill impairment assessment.

Product Exchanges

Quantities of products receivable or returnable under exchange agreements are reported within prepaid expenses and other current assets or within accrued expenses and other payables in our consolidated balance sheets. We estimate the value of product exchange assets and liabilities based on the weighted-average cost basis of the inventory we have delivered or will deliver on the exchange, plus or minus location differentials.

Advance Payments Received from Customers

We record customer advances on product purchases as a liability in our consolidated balance sheets.

Noncontrolling Interests

We have certain consolidated subsidiaries in which outside parties own interests. The noncontrolling interest shown in our consolidated financial statements represents the other owners' interest in these entities.

As previously reported, as part of our acquisition of TransMontaigne on July 1, 2014, we acquired the 2% general partner interest and a 19.7% limited partner interest in TLP. We attributed net earnings allocable to TLP's limited partners to the controlling and noncontrolling interests based on the relative ownership interests in TLP. Earnings allocable to TLP's limited partners were net of the earnings allocable to TLP's general partner interest. Earnings allocable to TLP's general partner interest include the distributions of cash attributable to the period to TLP's general partner interest and incentive distribution rights, net of adjustments for TLP's general partner's proportionate share of undistributed earnings. Undistributed earnings were allocated to TLP's limited partners and TLP's general partner interest based on their ownership percentages of 98% and 2%, respectively. On February 1, 2016, we sold our general partner interest in TLP. As a result, on February 1, 2016, we deconsolidated TLP and began to account for our limited partner investment in TLP using the equity method of accounting. See Note 14 for a further discussion of the sale of the TLP general partner.

Business Combination Measurement Period

We record the assets acquired and liabilities assumed in a business combination at their acquisition date fair values. Pursuant to GAAP, an entity is allowed a reasonable period of time (not to exceed one year) to obtain the information necessary to identify and measure the value of the assets acquired and liabilities assumed in a business combination. As described in Note 4, certain of our acquisitions are still within this measurement period, and as a result, the acquisition date fair values we have recorded for the assets acquired and liabilities assumed are subject to change.

Also as described in Note 4, we made certain adjustments during the year ended March 31, 2016 to our estimates of the acquisition date fair values of assets acquired and liabilities assumed in business combinations that occurred during the year ended March 31, 2015. We retrospectively adjusted the March 31, 2015 consolidated balance sheet for these adjustments. Due to the immateriality of these adjustments, we did not retrospectively adjust our consolidated statement of operations for the year ended March 31, 2015 for these measurement period adjustments.

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, "Leases." The ASU will replace previous lease accounting guidance in GAAP. The ASU requires the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases. The ASU retains a distinction between finance leases and operating leases. The ASU is effective for the Partnership beginning April 1, 2019, and requires a modified retrospective method of adoption. We are in the process of assessing the impact of this ASU on our consolidated financial statements.

In July 2015, the FASB issued ASU No. 2015-11, "Simplifying the Measurement of Inventory." The ASU requires that inventory within the scope of the guidance be measured at the lower of cost or net realizable value. The ASU is effective for the Partnership beginning April 1, 2017, and requires a prospective method of adoption, although early adoption is permitted. We do not expect the adoption of this ASU to have a material impact on our consolidated financial position or results of operations.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers." The ASU will replace most existing revenue recognition guidance in GAAP. The core principle of this ASU is that an entity should recognize revenue for the transfer of goods or services equal to the amount that it expects to be entitled to receive for those goods or services. The ASU is effective for the Partnership beginning April 1, 2018, and allows for both full retrospective and modified retrospective (with cumulative effect) methods of adoption. We are in the process of determining the method of adoption and assessing the impact of this ASU on our consolidated financial statements.

Note 3—Income (Loss) Per Common Unit

Our income (loss) per common unit is as follows for the periods indicated:

| | Year Ended March 31, | | |
|---|---|-------------|-------------|
| | 2016 | 2015 | 2014 |
| | (in thousands, except unit and per unit amounts) | | |
| Net (loss) income | \$ (187,097) | \$ 50,193 | \$ 48,758 |
| Less: Net income attributable to noncontrolling interests | (11,832) | (12,887) | (1,103) |
| Net (loss) income attributable to parent equity | (198,929) | 37,306 | 47,655 |
| Less: Net income allocated to general partner (1) | (47,620) | (45,700) | (14,148) |
| Less: Net loss (income) allocated to subordinated unitholders (2) | — | 3,915 | (1,893) |
| Net (loss) income allocated to common unitholders | \$ (246,549) | \$ (4,479) | \$ 31,614 |
| Basic and diluted (loss) income per common unit | \$ (2.35) | \$ (0.05) | \$ 0.51 |
| Basic and diluted weighted average common units outstanding | 104,838,886 | 86,359,300 | 61,970,471 |

- (1) Net income allocated to the general partner includes distributions to which it is entitled as the holder of incentive distribution rights, which are described in Note 11.
- (2) All outstanding subordinated units converted to common units in August 2014. Since the subordinated units did not share in the distribution of cash generated after June 30, 2014, we did not allocate any income or loss after that date to the subordinated unitholders. During the three months ended June 30, 2014, 5,919,346 subordinated units were outstanding and the loss per subordinated unit was \$(0.68). During the year ended March 31, 2014, 5,919,346 subordinated units were outstanding and income per subordinated unit was \$0.32.

The restricted units (as described in Note 11) were considered antidilutive for the years ended March 31, 2016, 2015, and 2014.

Note 4—Acquisitions
Year Ended March 31, 2016

Pursuant to GAAP, an entity is allowed a reasonable period of time (not to exceed one year) to obtain the information necessary to identify and measure the value of the assets acquired and liabilities assumed in a business combination. The business combinations for which this measurement period was still open as of March 31, 2016 are summarized below.

Water Pipeline Company

On January 7, 2016, we acquired a 57.125% interest in an existing produced water pipeline company operating in the Delaware Basin portion of West Texas for \$12.3 million of cash. In addition, we have recorded contingent consideration liabilities, recorded within accrued expenses and other payables and noncurrent liabilities, related to future royalty payments to the sellers of this company for the life of the pipelines. We estimated the contingent consideration based on the contracted royalty rate, which is a flat rate per barrel, multiplied by the expected disposal volumes to flow through the pipelines during the life of the pipelines. This amount was then discounted back to present value using a weighted average cost of capital. As of the acquisition date we recorded a contingent liability of \$2.6 million. We are in the process of identifying and determining the fair values of the assets acquired and liabilities assumed in this business combination, and as a result, the estimates of fair value at March 31, 2016 are subject to change. We expect to complete this process before we issue our financial statements for the three months ending December 31, 2016. The following table summarizes the preliminary estimates of the fair values of the assets acquired (and useful lives) and liabilities assumed (in thousands):

| | | |
|---|----|---------|
| Accounts receivable-affiliates | \$ | 1,000 |
| Prepaid expenses and other current assets | | 50 |
| Property, plant and equipment: | | |
| Water treatment facilities and equipment (3-30 years) | | 12,154 |
| Vehicles (5 years) | | 54 |
| Goodwill | | 5,561 |
| Intangible assets: | | |
| Customer relationships (9 years) | | 6,000 |
| Non-compete agreements (32 years) | | 350 |
| Accrued expenses and other payables | | (1,000) |
| Noncurrent liabilities | | (2,600) |
| Noncontrolling interest | | (9,248) |
| Fair value of net assets acquired | \$ | 12,321 |

Delaware Basin Water Solutions Facilities

On August 24, 2015, we acquired four saltwater disposal facilities and a 50% interest in an additional saltwater disposal facility in the Delaware Basin of the Permian Basin in Texas for \$50.0 million of cash. In addition, we have recorded contingent consideration liabilities, recorded within accrued expenses and other payables and noncurrent liabilities, related to future royalty payments due to the sellers of these facilities. We estimated the contingent consideration based on the contracted royalty rate, which is a flat rate per disposal barrel and a percentage of the oil revenues, multiplied by the expected disposal volumes and oil revenue for the life of the facility and disposal well. This amount was then discounted back to present value using a weighted average cost of capital. As of the acquisition date we recorded a contingent liability of \$11.0 million. We are in the process of identifying and determining the fair values of the assets acquired and liabilities assumed in this business combination, and as a result, the estimates of fair value at March 31, 2016 are subject to change. We expect to complete this process before we issue our financial statements for the three months ending June 30, 2016. The following table summarizes the preliminary estimates of the fair values of the assets acquired (and useful lives) and liabilities assumed (in thousands):

| | | |
|---|----|----------|
| Property, plant and equipment: | | |
| Water treatment facilities and equipment (3-30 years) | \$ | 18,902 |
| Vehicles (5 years) | | 148 |
| Goodwill | | 23,776 |
| Intangible asset: | | |
| Customer relationships (6 years) | | 16,000 |
| Investments in unconsolidated entities | | 2,290 |
| Accrued expenses and other payables | | (861) |
| Noncurrent liabilities | | (10,255) |
| Fair value of net assets acquired | \$ | 50,000 |

Water Solutions Facilities

We are party to a development agreement that requires us to purchase water solutions facilities developed by the other party to the agreement. During the year ended March 31, 2016, we purchased 15 water treatment and disposal facilities under this development agreement. We also purchased one additional water treatment and disposal facility in December 2015 from a different seller. On a combined basis, we paid \$146.5 million of cash and issued 781,255 common units, valued at \$18.1 million, in exchange for these facilities. In addition, we have recorded contingent consideration liabilities, recorded within accrued expenses and other payables and noncurrent liabilities, related to future royalty payments due to the sellers of these facilities. We estimated the contingent consideration based on the contracted royalty rate, which is a flat rate per disposal barrel and percentage of oil revenues, multiplied by the expected disposal volumes and oil revenue for the life of the facility and disposal well. This amount was then discounted back to present value using a weighted average cost of capital. As of the acquisition date we recorded a contingent liability of \$47.6 million.

During the year ended March 31, 2016, we completed the acquisition accounting for six of these water treatment and disposal facilities. The following table summarizes the final calculation of the fair values of the assets acquired (and useful lives) and liabilities assumed (in thousands):

| | | |
|---|----|---------------|
| Property, plant and equipment: | | |
| Water treatment facilities and equipment (3-30 years) | \$ | 27,065 |
| Buildings and leasehold improvements (7-30 years) | | 6,879 |
| Land | | 1,070 |
| Other (5 years) | | 32 |
| Goodwill | | 62,105 |
| Accrued expenses and other payables | | (2,512) |
| Noncurrent liabilities | | (21,462) |
| Fair value of net assets acquired | \$ | <u>73,177</u> |

We are in the process of identifying and determining the fair values of the assets acquired and liabilities assumed for the other ten water treatment and disposal facilities, and as a result, the estimates of fair value at March 31, 2016 are subject to change. We expect to complete this process before we issue our financial statements for the three months ending December 31, 2016. The following table summarizes the preliminary estimates of the fair values of the assets acquired (and useful lives) and liabilities assumed (in thousands):

| | | |
|---|----|---------------|
| Property, plant and equipment: | | |
| Water treatment facilities and equipment (3-30 years) | \$ | 48,465 |
| Buildings and leasehold improvements (7-30 years) | | 8,214 |
| Land | | 3,907 |
| Other (5 years) | | 21 |
| Goodwill | | 55,880 |
| Accrued expenses and other payables | | (2,861) |
| Noncurrent liabilities | | (22,198) |
| Fair value of net assets acquired | \$ | <u>91,428</u> |

For all water solutions acquisitions during the year ended March 31, 2016, goodwill represents the excess of the consideration paid for the acquired business over the fair value of the individual assets acquired, net of liabilities assumed. Goodwill represents a premium paid to expand our operations into oilfield production basins not previously serviced by us, to expand the number of our disposal sites in oilfield production basins currently serviced by us, thereby enhancing our competitive position as a provider of disposal services in these oilfield production basins, and to expand and strengthen our pre-existing customer relationships with key oilfield producers. We estimate that all of the goodwill will be deductible for federal income tax purposes.

Retail Propane Businesses

During the year ended March 31, 2016, we acquired six retail propane businesses. On a combined basis, we paid \$25.9 million of cash and issued 52,199 common units, valued at \$1.0 million, in exchange for these assets and operations. The agreements for these acquisitions contemplate post-closing payments for certain working capital items. We are in the process of

identifying and determining the fair values of the assets acquired and liabilities assumed in these business combinations, and as a result, the estimates of fair value at March 31, 2016 are subject to change. We expect to complete this process before we issue our financial statements for the three months ending December 31, 2016.

Year Ended March 31, 2015

Natural Gas Liquids Storage Facility

In February 2015, we acquired Sawtooth, NGL Caverns, LLC (“Sawtooth”), which owns a natural gas liquids salt dome storage facility in Utah with rail and truck access to western United States markets and entered into a construction agreement to expand the storage capacity of the facility. We paid \$97.6 million of cash, net of cash acquired, and issued 7,396,973 common units, valued at \$218.5 million, in exchange for these assets and operations. During the three months ended December 31, 2015, we completed the acquisition accounting for this business combination. The following table summarizes the final calculation of the fair values of the assets acquired (and useful lives) and liabilities assumed:

| | Final | Estimated At March 31, 2015 | Change |
|--|-----------------------|--|---------------|
| | (in thousands) | | |
| Accounts receivable-trade | \$ 42 | \$ 42 | \$ — |
| Inventories | 263 | — | 263 |
| Prepaid expenses and other current assets | 843 | 600 | 243 |
| Property, plant and equipment: | | | |
| Natural gas liquids terminal and storage assets (2-30 years) | 61,130 | 62,205 | (1,075) |
| Vehicles and railcars (3-25 years) | 78 | 75 | 3 |
| Land | 69 | 68 | 1 |
| Other | 17 | 32 | (15) |
| Construction in progress | 19,525 | 19,525 | — |
| Goodwill | 183,096 | 151,853 | 31,243 |
| Intangible assets: | | | |
| Customer relationships (20 years) | 61,500 | 85,000 | (23,500) |
| Non-compete agreements (24 years) | 5,100 | 12,000 | (6,900) |
| Accounts payable-trade | (931) | (931) | — |
| Accrued expenses and other payables | (6,774) | (6,511) | (263) |
| Advance payments received from customers | (1,015) | (1,015) | — |
| Other noncurrent liabilities | (6,817) | (6,817) | — |
| Fair value of net assets acquired | <u>\$ 316,126</u> | <u>\$ 316,126</u> | <u>\$ —</u> |

Goodwill represents the excess of the consideration paid for the acquired business over the fair value of the individual assets acquired, net of liabilities assumed. Goodwill represents a premium paid to gain entry to a new fee-based liquids storage business by acquiring underground storage assets in a new and competitively advantaged location, which also provides us with an additional strategically located facility from which to expand the current marketing efforts of our liquids business in that area. Goodwill also represents the premium paid for the potential expansion of the facilities. At the time of acquisition, the facility had two salt domes in operation and two salt domes under construction with the long-term possibility of adding four additional salt domes. We estimate that all of the goodwill will be deductible for federal income tax purposes.

We estimated the value of the customer relationship intangible asset using the income approach, which uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present amount (discounted). The measurement is based on the value indicated by current market expectations about those future amounts.

The acquisition method of accounting requires that executory contracts with unfavorable terms relative to market conditions at the acquisition date be recorded as assets or liabilities in the acquisition accounting. Since certain storage leases were at unfavorable terms relative to acquisition date market conditions, we recorded a liability of \$12.8 million related to these leases in the acquisition accounting, a portion of which we recorded to accrued expenses and other payables and a portion of which we recorded to other noncurrent liabilities. We amortized \$5.8 million of this balance as an increase to revenues during the year ended March 31, 2016. We will amortize the remainder of this liability over the term of the leases. The following table summarizes the future amortization of this liability (in thousands):

| Year Ending March 31, | |
|-----------------------|----------|
| 2017 | \$ 4,805 |
| 2018 | 1,306 |
| 2019 | 88 |

Bakken Water Solutions Facilities

On November 21, 2014, we acquired two saltwater disposal facilities in the Bakken shale play in North Dakota for \$34.6 million of cash. In addition, we have recorded contingent consideration liabilities, recorded within accrued expenses and other payables and noncurrent liabilities, related to future royalty payments due to the sellers of these facilities. We estimated the contingent consideration based on the contracted royalty rate, which is a flat rate per barrel, multiplied by the expected disposal volumes over the life of the facility and disposal well. This amount was then discounted back to present value using a weighted average cost of capital. As of the acquisition date we recorded a contingent liability of \$3.5 million. During the three months ended September 30, 2015, we completed the acquisition accounting for these water treatment and disposal facilities. The following table summarizes the final calculation of the fair values of the assets acquired (and useful lives) and liabilities assumed:

| | Final | Estimated At March 31, 2015 | Change |
|---|------------------|-----------------------------------|-------------|
| | (in thousands) | | |
| Property, plant and equipment: | | | |
| Vehicles (10 years) | \$ 63 | \$ 63 | \$ — |
| Water treatment facilities and equipment (3-30 years) | 5,815 | 5,815 | — |
| Buildings and leasehold improvements (7-30 years) | 130 | 130 | — |
| Land | 100 | 100 | — |
| Goodwill | 7,946 | 10,085 | (2,139) |
| Intangible asset: | | | |
| Customer relationships (7 years) | 24,300 | 22,000 | 2,300 |
| Other noncurrent assets | 75 | — | 75 |
| Accrued expenses and other payables | (395) | (395) | — |
| Other noncurrent liabilities | (3,434) | (3,198) | (236) |
| Fair value of net assets acquired | <u>\$ 34,600</u> | <u>\$ 34,600</u> | <u>\$ —</u> |

Goodwill represents the excess of the consideration paid for the acquired business over the fair value of the individual assets acquired, net of liabilities assumed. Goodwill represents a premium paid to expand our operations into oilfield production basins not previously serviced by us and strengthen our pre-existing customer relationships with key oilfield producers. We estimate that all of the goodwill will be deductible for federal income tax purposes.

We estimated the value of the customer relationship intangible asset using the income approach, which uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present amount (discounted). The measurement is based on the value indicated by current market expectations about those future amounts.

TransMontaigne Inc.

As previously reported, on July 1, 2014, we acquired TransMontaigne for \$200.3 million of cash, net of cash acquired (including \$174.1 million paid at closing and \$26.2 million paid upon completion of the working capital settlement). As part of this transaction, we also purchased \$380.4 million of inventory from the previous owner of TransMontaigne (including \$346.9

million paid at closing and \$33.5 million subsequently paid as the working capital settlement process progressed). The operations of TransMontaigne include the marketing of refined products. As part of this transaction, we acquired the 2% general partner interest, the incentive distribution rights, a 19.7% limited partner interest in TLP, and assumed certain terminaling service agreements with TLP from an affiliate of the previous owner of TransMontaigne.

During the three months ended June 30, 2015, we completed the acquisition accounting for this business combination. The following table summarizes the final calculation of the fair values of the assets acquired (and useful lives) and liabilities assumed:

| | Final | Estimated At March 31, 2015 | Change |
|---|----------------|-----------------------------------|----------|
| | (in thousands) | | |
| Cash and cash equivalents | \$ 1,469 | \$ 1,469 | \$ — |
| Accounts receivable-trade | 199,366 | 197,829 | 1,537 |
| Accounts receivable-affiliates | 528 | 528 | — |
| Inventories | 373,870 | 373,870 | — |
| Prepaid expenses and other current assets | 15,110 | 15,001 | 109 |
| Property, plant and equipment: | | | |
| Refined products terminal assets and equipment (20 years) | 415,317 | 399,323 | 15,994 |
| Vehicles | 1,696 | 1,698 | (2) |
| Crude oil tanks and related equipment (20 years) | 1,085 | 1,058 | 27 |
| Information technology equipment | 7,253 | 7,253 | — |
| Buildings and leasehold improvements (20 years) | 15,323 | 14,770 | 553 |
| Land | 61,329 | 70,529 | (9,200) |
| Tank bottoms (indefinite life) | 46,900 | 46,900 | — |
| Other | 15,536 | 15,534 | 2 |
| Construction in progress | 4,487 | 4,487 | — |
| Goodwill | 30,169 | 28,074 | 2,095 |
| Intangible assets: | | | |
| Customer relationships (15 years) | 66,000 | 76,100 | (10,100) |
| Pipeline capacity rights (30 years) | 87,618 | 87,618 | — |
| Investments in unconsolidated entities | 240,583 | 240,583 | — |
| Other noncurrent assets | 3,911 | 3,911 | — |
| Accounts payable-trade | (113,103) | (113,066) | (37) |
| Accounts payable-affiliates | (69) | (69) | — |
| Accrued expenses and other payables | (79,405) | (78,427) | (978) |
| Advance payments received from customers | (1,919) | (1,919) | — |
| Long-term debt | (234,000) | (234,000) | — |
| Other noncurrent liabilities | (33,227) | (33,227) | — |
| Noncontrolling interests | (545,120) | (545,120) | — |
| Fair value of net assets acquired | \$ 580,707 | \$ 580,707 | \$ — |

Goodwill represents the excess of the consideration paid for the acquired business over the fair value of the individual assets acquired, net of liabilities assumed. Goodwill represents a premium paid to acquire the skilled workforce, expand the scale of our existing refined and renewables product lines and expand the scale of our existing refined and renewables businesses by gaining control and access to TransMontaigne's network of terminals and pipeline capacity. We estimate that all of the goodwill will be deductible for federal income tax purposes.

We estimated the value of the customer relationship intangible asset using the income approach, which uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present amount (discounted). The measurement is based on the value indicated by current market expectations about those future amounts.

The intangible asset for pipeline capacity rights relates to capacity allocations on a third-party refined products pipeline. Demand for use of this pipeline exceeds the pipeline's capacity, and the limited capacity is allocated based on a shipper's historical shipment volumes.

The fair value of the noncontrolling interests was calculated by multiplying the closing price of TLP's common units on the acquisition date by the number of TLP common units held by parties other than us, adjusted for a lack-of-control discount.

As discussed in Note 2, on February 1, 2016, we sold our general partner interest in TLP and on April 1, 2016, we sold all of the TLP units we owned to ArcLight. See Note 1, Note 14 and Note 19 for a further discussion.

Water Solutions Facilities

We are party to a development agreement that requires us to purchase water solutions facilities developed by the other party to the agreement. During the year ended March 31, 2015, we purchased 16 water treatment and disposal facilities under this development agreement. We also purchased a 75% interest in one additional water treatment and disposal facility in July 2014 from a different seller. On a combined basis, we paid \$190.0 million of cash and issued 1,322,032 common units, valued at \$37.8 million, in exchange for these 17 facilities. In addition, we have recorded contingent consideration liabilities, recorded within accrued expenses and other payables and noncurrent liabilities, related to future royalty payments due to the sellers of these facilities. We estimated the contingent consideration based on the contracted royalty rate, which is a flat rate per disposal barrel and a percentage of oil revenue, multiplied by the expected disposal volumes and oil revenue over the life of the facility and disposal well. This amount was then discounted back to present value using a weighted average cost of capital. As of the acquisition date we recorded a contingent liability of \$121.5 million.

During the three months ended December 31, 2015, we completed the acquisition accounting for all of these water treatment and disposal facilities. The following table summarizes the final calculation of the fair values of the assets acquired (and useful lives) and liabilities assumed:

| | Final | Estimated At March 31, 2015 | Change |
|---|----------------|-----------------------------------|--------|
| | (in thousands) | | |
| Accounts receivable-trade | \$ 939 | \$ 939 | \$ — |
| Inventories | 253 | 253 | — |
| Prepaid expenses and other current assets | 62 | 62 | — |
| Property, plant and equipment: | | | |
| Water treatment facilities and equipment (3-30 years) | 79,982 | 79,706 | 276 |
| Buildings and leasehold improvements (7-30 years) | 10,690 | 10,250 | 440 |
| Land | 3,127 | 3,109 | 18 |
| Other (5 years) | 132 | 129 | 3 |
| Goodwill | 253,517 | 254,255 | (738) |
| Intangible asset: | | | |
| Customer relationships (4 years) | 10,000 | 10,000 | — |
| Other noncurrent assets | 50 | 50 | — |
| Accounts payable-trade | (58) | (58) | — |
| Accrued expenses and other payables | (15,785) | (15,786) | 1 |
| Other noncurrent liabilities | (109,373) | (109,373) | — |
| Noncontrolling interest | (5,775) | (5,775) | — |
| Fair value of net assets acquired | \$ 227,761 | \$ 227,761 | \$ — |

For these water solutions acquisitions, goodwill represents the excess of the consideration paid for the acquired business over the fair value of the individual assets acquired, net of liabilities assumed. Goodwill represents a premium paid to expand the number of our disposal sites in oilfield production basins currently serviced by us, thereby enhancing our competitive position as a provider of disposal services in these oilfield production basins, and to expand and strengthen our pre-existing customer relationships with key oilfield producers. We estimate that all of the goodwill will be deductible for federal income tax purposes.

Retail Propane Businesses

During the year ended March 31, 2015, we acquired eight retail propane businesses. On a combined basis, we paid \$39.1 million of cash and issued 132,100 common units, valued at \$3.7 million, in exchange for these assets and operations.

During the three months ended September 30, 2015, we completed the acquisition accounting for all of these business combinations. The following table summarizes the final calculation of the fair values of the assets acquired (and useful lives) and liabilities assumed:

| | Final | Estimated At March 31, 2015 | Change |
|---|----------------|-----------------------------------|--------|
| | (in thousands) | | |
| Accounts receivable-trade | \$ 2,237 | \$ 2,237 | \$ — |
| Inventories | 771 | 771 | — |
| Prepaid expenses and other current assets | 110 | 110 | — |
| Property, plant and equipment: | | | |
| Retail propane equipment (15-20 years) | 13,177 | 13,177 | — |
| Vehicles and railcars (5-7 years) | 2,332 | 2,332 | — |
| Buildings and leasehold improvements (30 years) | 534 | 784 | (250) |
| Land | 505 | 655 | (150) |
| Other (5-7 years) | 118 | 116 | 2 |
| Goodwill | 8,097 | 8,097 | — |
| Intangible assets: | | | |
| Customer relationships (10-15 years) | 17,563 | 17,563 | — |
| Non-compete agreements (5-7 years) | 500 | 500 | — |
| Trade names (3-12 years) | 950 | 950 | — |
| Accounts payable-trade | (1,523) | (1,921) | 398 |
| Advance payments received from customers | (1,750) | (1,750) | — |
| Current maturities of long-term debt | (78) | (78) | — |
| Long-term debt, net of current maturities | (760) | (760) | — |
| Fair value of net assets acquired | \$ 42,783 | \$ 42,783 | \$ — |

Goodwill represents the excess of the consideration paid for the acquired business over the fair value of the individual assets acquired, net of liabilities assumed. Goodwill represents a premium paid to acquire the skilled workforce of each of the businesses acquired. We estimate that all of the goodwill will be deductible for federal income tax purposes.

We estimated the value of the customer relationship intangible asset using the income approach, which uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present amount (discounted). The measurement is based on the value indicated by current market expectations about those future amounts.

Note 5—Property, Plant and Equipment

Our property, plant and equipment consists of the following at the dates indicated:

| Description | Estimated Useful Lives | March 31, | |
|---|---------------------------|--------------|--------------|
| | | 2016 | 2015 |
| | (in thousands) | | |
| Natural gas liquids terminal and storage assets | 2-30 years | \$ 169,758 | \$ 131,776 |
| Refined products terminal assets and equipment | 20 years | 6,844 | 419,603 |
| Retail propane equipment | 2-30 years | 201,312 | 181,140 |
| Vehicles and railcars | 3-25 years | 185,547 | 180,680 |
| Water treatment facilities and equipment | 3-30 years | 508,239 | 317,593 |
| Crude oil tanks and related equipment | 2-40 years | 137,894 | 109,936 |
| Barges and towboats | 5-40 years | 86,731 | 59,848 |
| Information technology equipment | 3-7 years | 38,653 | 34,915 |
| Buildings and leasehold improvements | 3-40 years | 118,885 | 99,732 |
| Land | | 47,114 | 97,767 |
| Tank bottoms (1) | | 20,355 | 62,656 |
| Other | 3-30 years | 11,699 | 34,407 |
| Construction in progress | | 383,032 | 96,922 |
| | | 1,916,063 | 1,826,975 |
| Accumulated depreciation | | (266,491) | (202,959) |
| Net property, plant and equipment | | \$ 1,649,572 | \$ 1,624,016 |

(1) Due to the deconsolidation of TLP in February 2016 (see Note 1), the tank bottoms for the TLP terminals were reclassified to noncurrent assets.

The following table summarizes depreciation expense and capitalized interest expense for the periods indicated:

| | Year Ended March 31, | | |
|------------------------------|----------------------|------------|-----------|
| | 2016 | 2015 | 2014 |
| (in thousands) | | | |
| Depreciation expense | \$ 136,938 | \$ 105,687 | \$ 59,899 |
| Capitalized interest expense | 4,012 | 113 | 774 |

Tank bottoms, which are product volumes required for the operation of storage tanks, are recorded at historical cost. We recover tank bottoms when the storage tanks are removed from service. The following table summarizes the tank bottoms included in the table above at the dates indicated:

| Product | March 31, 2016 | | March 31, 2015 | |
|------------|------------------------------------|----------------------|------------------------------------|----------------------|
| | Volume (in barrels) (in thousands) | Value (in thousands) | Volume (in barrels) (in thousands) | Value (in thousands) |
| Gasoline | — | \$ — | 219 | \$ 25,710 |
| Crude oil | 231 | 19,348 | 184 | 16,835 |
| Diesel | — | — | 124 | 15,153 |
| Renewables | — | — | 41 | 4,220 |
| Other | 24 | 1,007 | 12 | 738 |
| Total | | \$ 20,355 | | \$ 62,656 |

Note 6—Goodwill

The following table summarizes changes in goodwill by segment for the periods indicated (in thousands):

| | Crude Oil Logistics | Water Solutions | Liquids | Retail Propane | Refined Products and Renewables | Total |
|---|------------------------|--------------------|------------|-------------------|---------------------------------------|--------------|
| Balances at March 31, 2014, as retrospectively adjusted | \$ 579,846 | \$ 264,127 | \$ 91,135 | \$ 114,285 | \$ 36,000 | \$ 1,085,393 |
| Disposals (Note 14) | — | (1,797) | (8,185) | — | — | (9,982) |
| Acquisitions (Note 4) | — | 261,460 | 183,096 | 8,097 | 30,169 | 482,822 |
| Balances at March 31, 2015, as retrospectively adjusted | 579,846 | 523,790 | 266,046 | 122,382 | 66,169 | 1,558,233 |
| Acquisitions (Note 4) | — | 147,322 | — | 5,046 | — | 152,368 |
| Disposals (Note 14) | — | — | — | — | (15,042) | (15,042) |
| Impairment (Note 14) | — | (380,197) | — | — | — | (380,197) |
| Balances at March 31, 2016 | \$ 579,846 | \$ 290,915 | \$ 266,046 | \$ 127,428 | \$ 51,127 | \$ 1,315,362 |

Note 7—Intangible Assets

Our intangible assets consist of the following at the dates indicated:

| | | March 31, 2016 | | March 31, 2015 | |
|--|----------------------|--------------------------|-----------------------------|--------------------------|-----------------------------|
| | Amortizable Lives | Gross Carrying Amount | Accumulated Amortization | Gross Carrying Amount | Accumulated Amortization |
| (in thousands) | | | | | |
| Amortizable- | | | | | |
| Customer relationships | 3-20 years | \$ 852,118 | \$ 233,838 | \$ 890,118 | \$ 159,215 |
| Pipeline capacity rights | 30 years | 119,636 | 6,559 | 119,636 | 2,571 |
| Water facility development agreement | 5 years | 14,000 | 7,700 | 14,000 | 4,900 |

| Non-compete agreements | 2-32 years | 20,903 | 13,564 | 19,762 | 10,408 |
| Trade names | 1-10 years | 15,439 | 12,034 | 15,439 | 7,569 |
| Debt issuance costs (1) | 3 years | 39,942 | 22,108 | 33,306 | 13,443 |
| Total amortizable | | 1,085,958 | 316,878 | 1,116,181 | 216,493 |
| Non-amortizable- | | | | | |
| Customer commitments | | 310,000 | — | 310,000 | — |
| Rights-of-way and easements (2) | | 47,190 | — | — | — |
| Trade names | | 22,620 | — | 22,620 | — |
| Total non-amortizable | | 379,810 | — | 332,620 | — |
| Total | | \$ 1,465,768 | \$ 316,878 | \$ 1,448,801 | \$ 216,493 |

(1) Includes debt issuance costs related to revolving credit facilities. Debt issuance costs related to fixed-rate notes are reported as a reduction of the carrying amount of long-term debt.

(2) See Note 16 for a discussion of acquired rights-of-way and easements along a planned pipeline route.

The weighted-average remaining amortization period for intangible assets is approximately 13 years.

As described in Note 1, on February 1, 2016 due to the sale of our interest in TLP general partner to ArcLight, we deconsolidated TLP and began to account for our investment in TLP using the equity method of accounting. See Note 14 for a discussion of the sale.

Amortization expense is as follows for the periods indicated:

| Recorded In | Year Ended March 31, | | |
|-------------------------------|----------------------|-------------------|------------------|
| | 2016 | 2015 | 2014 |
| | (in thousands) | | |
| Depreciation and amortization | \$ 91,986 | \$ 88,262 | \$ 60,855 |
| Cost of sales | 6,700 | 7,767 | 6,172 |
| Interest expense | 8,942 | 5,722 | 4,800 |
| Total | <u>\$ 107,628</u> | <u>\$ 101,751</u> | <u>\$ 71,827</u> |

Expected amortization of our intangible assets, exclusive of assets that are not yet amortizable, is as follows (in thousands):

| Year Ending March 31, | |
|-----------------------|-------------------|
| 2017 | \$ 96,155 |
| 2018 | 93,734 |
| 2019 | 83,981 |
| 2020 | 77,558 |
| 2021 | 65,717 |
| Thereafter | 351,935 |
| Total | <u>\$ 769,080</u> |

Note 8—Long-Term Debt

Our long-term debt consists of the following at the dates indicated:

| | March 31, 2016 | | | March 31, 2015 | | |
|------------------------------|---------------------|-------------------------------------|---------------------|---------------------|-------------------------------------|---------------------|
| | Face Amount | Unamortized Debt Issuance Costs (1) | Book Value | Face Amount | Unamortized Debt Issuance Costs (1) | Book Value |
| | (in thousands) | | | | | |
| Revolving credit facility — | | | | | | |
| Expansion capital borrowings | \$ 1,229,500 | \$ — | \$ 1,229,500 | \$ 702,500 | \$ — | \$ 702,500 |
| Working capital borrowings | 618,500 | — | 618,500 | 688,000 | — | 688,000 |
| 5.125% Notes due 2019 | 388,467 | (4,681) | 383,786 | 400,000 | (6,242) | 393,758 |
| 6.875% Notes due 2021 | 388,289 | (7,545) | 380,744 | 450,000 | (10,280) | 439,720 |
| 6.650% Notes due 2022 | 250,000 | (3,166) | 246,834 | 250,000 | (1,313) | 248,687 |
| TLP credit facility (2) | — | — | — | 250,000 | — | 250,000 |
| Other long-term debt | 61,488 | (108) | 61,380 | 9,271 | — | 9,271 |
| | <u>2,936,244</u> | <u>(15,500)</u> | <u>2,920,744</u> | <u>2,749,771</u> | <u>(17,835)</u> | <u>2,731,936</u> |
| Less: Current maturities | 7,907 | — | 7,907 | 4,472 | — | 4,472 |
| Long-term debt | <u>\$ 2,928,337</u> | <u>\$ (15,500)</u> | <u>\$ 2,912,837</u> | <u>\$ 2,745,299</u> | <u>\$ (17,835)</u> | <u>\$ 2,727,464</u> |

(1) Debt issuance costs related to revolving credit facilities are reported within intangible assets, rather than as a reduction of the carrying amount of long-term debt.

(2) Due to the sale of the general partner interest in TLP, TLP was deconsolidated as of February 1, 2016 (see Note 1 and Note 14).

Amortization expense for debt issuance costs related to the Senior Notes is as follows for the periods indicated:

| Year Ended March 31, | | |
|----------------------|---------|-------|
| 2016 | 2015 | 2014 |
| (in thousands) | | |
| \$4,645 | \$3,037 | \$927 |

Expected amortization of debt issuance costs is as follows (in thousands):

| Year Ending March 31, | |
|-----------------------|-----------|
| 2017 | \$ 3,410 |
| 2018 | 3,300 |
| 2019 | 3,296 |
| 2020 | 2,283 |
| 2021 | 1,865 |
| Thereafter | 1,346 |
| Total | \$ 15,500 |

Credit Agreement

We have entered into a credit agreement (as amended, the “Credit Agreement”) with a syndicate of banks. The Credit Agreement includes a revolving credit facility to fund working capital needs (the “Working Capital Facility”) and a revolving credit facility to fund acquisitions and expansion projects (the “Expansion Capital Facility,” and together with the Working Capital Facility, the “Revolving Credit Facility”). At March 31, 2016, our Revolving Credit Facility had a total capacity of \$2.484 billion. Our Revolving Credit Facility has an “accordion” feature that allows us to increase the capacity by \$150 million if new lenders wish to join the syndicate or if current lenders wish to increase their commitments.

The Expansion Capital Facility had a total capacity of \$1.446 billion for cash borrowings at March 31, 2016. At that date, we had outstanding borrowings of \$1.230 billion on the Expansion Capital Facility. The Working Capital Facility had a total capacity of \$1.038 billion for cash borrowings and letters of credit at March 31, 2016. At that date, we had outstanding borrowings of \$618.5 million and outstanding letters of credit of \$45.4 million on the Working Capital Facility. Amounts outstanding for letters of credit are not recorded as long-term debt on our consolidated balance sheets, although they decrease our borrowing capacity under the Working Capital Facility. The capacity available under the Working Capital Facility may be limited by a “borrowing base” (as defined in the Credit Agreement), which is calculated based on the value of certain working capital items at any point in time.

The commitments under the Credit Agreement expire on November 5, 2018. We have the right to prepay outstanding borrowings under the Credit Agreement without incurring any penalties, and prepayments of principal may be required if we enter into certain transactions to sell assets or obtain new borrowings.

All borrowings under the Credit Agreement bear interest, at our option, at either (i) an alternate base rate plus a margin of 0.50% to 1.50% per year or (ii) an adjusted LIBOR rate plus a margin of 1.50% to 2.50% per year. The applicable margin is determined based on our consolidated leverage ratio (as defined in the Credit Agreement). At March 31, 2016, the borrowings under the Credit Agreement were LIBOR borrowings with an interest rate at March 31, 2016 of 2.94%, calculated as the LIBOR rate of 0.94% plus a margin of 2.0%. At March 31, 2016, the interest rate in effect on letters of credit was 2.25%. Commitment fees are charged at a rate ranging from 0.38% to 0.50% on any unused capacity.

The Credit Agreement is secured by substantially all of our assets. In December 2015, we entered into an agreement with the banks to increase our maximum leverage ratio to 4.75 to 1 at any quarter end. At March 31, 2016, our leverage ratio was approximately 3.9 to 1. The Credit Agreement also specifies that our interest coverage ratio (as defined in the Credit Agreement) cannot be less than 2.75 to 1 at any quarter end. At March 31, 2016, our interest coverage ratio was approximately 5.3 to 1.

The Credit Agreement contains various customary representations, warranties, and additional covenants, including, without limitation, limitations on fundamental changes and limitations on indebtedness and liens. Our obligations under the Credit Agreement may be accelerated following certain events of default (subject to applicable cure periods), including, without limitation, (i) the failure to pay principal or interest when due, (ii) a breach by the Partnership or its subsidiaries of any

material representation or warranty or any covenant made in the Credit Agreement, or (iii) certain events of bankruptcy or insolvency.

At March 31, 2016, we were in compliance with the covenants under the Credit Agreement.

2019 Notes

On July 9, 2014, we issued \$400.0 million of 5.125% Senior Notes Due 2019 (the “2019 Notes”). During the fourth quarter of fiscal year 2016, we repurchased \$11.5 million of our 2019 Notes for an aggregate purchase price of \$7.0 million (excluding payments of accrued interest). As a result, we recorded a gain on the early extinguishment of our 2019 Notes of \$4.5 million (net of the write off of debt issuance costs of \$0.1 million).

The 2019 Notes mature on July 15, 2019. Interest is payable on January 15 and July 15 of each year. We have the right to redeem the 2019 Notes before the maturity date, although we would be required to pay a premium for early redemption.

The Partnership and NGL Energy Finance Corp. are co-issuers of the 2019 Notes, and the obligations under the 2019 Notes are guaranteed by certain of our existing and future restricted subsidiaries that incur or guarantee indebtedness under certain of our other indebtedness, including the Revolving Credit Facility. The indenture governing the 2019 Notes contains various customary covenants, including, without limitation, limitations on fundamental changes and limitations on indebtedness and liens. Our obligations under the indenture may be accelerated following certain events of default (subject to applicable cure periods), including, without limitation, (i) the failure to pay principal or interest when due, (ii) experiencing an event of default on certain other debt agreements, or (iii) certain events of bankruptcy or insolvency.

At March 31, 2016, we were in compliance with the covenants under the indenture governing the 2019 Notes.

2021 Notes

On October 16, 2013, we issued \$450.0 million of 6.875% Senior Notes Due 2021 (the “2021 Notes”). During the fourth quarter of fiscal year 2016, we repurchased \$61.7 million of our 2021 Notes for an aggregate purchase price of \$36.4 million (excluding payments of accrued interest). As a result, we recorded a gain on the early extinguishment of our 2021 Notes of \$24.0 million (net of the write off of debt issuance costs of \$1.2 million).

The 2021 Notes mature on October 15, 2021. Interest is payable on April 15 and October 15 of each year. We have the right to redeem the 2021 Notes before the maturity date, although we would be required to pay a premium for early redemption.

The Partnership and NGL Energy Finance Corp. are co-issuers of the 2021 Notes, and the obligations under the 2021 Notes are guaranteed by certain of our existing and future restricted subsidiaries that incur or guarantee indebtedness under certain of our other indebtedness, including the Revolving Credit Facility. The indenture governing the 2021 Notes contains various customary covenants, including, without limitation, limitations on fundamental changes and limitations on indebtedness and liens. Our obligations under the indenture may be accelerated following certain events of default (subject to applicable cure periods), including, without limitation, (i) the failure to pay principal or interest when due, (ii) experiencing an event of default on certain other debt agreements, or (iii) certain events of bankruptcy or insolvency.

At March 31, 2016, we were in compliance with the covenants under the indenture governing the 2021 Notes.

2022 Notes

On June 19, 2012, we entered into a Note Purchase Agreement (as amended, the “Note Purchase Agreement”) whereby we issued \$250.0 million of Senior Notes in a private placement (the “2022 Notes”). The 2022 Notes bear interest at a fixed rate of 6.65%, which is payable quarterly. The 2022 Notes are required to be repaid in semi-annual installments of \$25.0 million beginning on December 19, 2017 and ending on the maturity date of June 19, 2022. We have the option to prepay outstanding principal, although we would incur a prepayment penalty. The 2022 Notes are secured by substantially all of our assets and rank equal in priority with borrowings under the Credit Agreement.

The Note Purchase Agreement contains various customary representations, warranties, and additional covenants that, among other things, limit our ability to (subject to certain exceptions): (i) incur additional debt, (ii) pay dividends and make other restricted payments, (iii) create or permit certain liens, (iv) create or permit restrictions on the ability of certain of our subsidiaries to pay dividends or make other distributions to us, (v) enter into transactions with affiliates, (vi) enter into sale and leaseback transactions and (vii) consolidate or merge or sell all or substantially all or any portion of our assets. In addition, the

Note Purchase Agreement contains similar leverage ratio and interest coverage ratio requirements to those of our Credit Agreement, which is described above. In December 2015, we amended the Note Purchase Agreement to change the covenants to mirror the changes made to the covenants in our Credit Agreement. In addition, we agreed to pay an additional 0.5% per year in interest if our leverage ratio exceeds 4.25 to 1.

The Note Purchase Agreement provides for customary events of default that include, among other things (subject in certain cases to customary grace and cure periods): (i) nonpayment of principal or interest, (ii) breach of certain covenants contained in the Note Purchase Agreement or the 2022 Notes, (iii) failure to pay certain other indebtedness or the acceleration of certain other indebtedness prior to maturity if the total amount of such indebtedness unpaid or accelerated exceeds \$10.0 million, (iv) the rendering of a judgment for the payment of money in excess of \$10.0 million, (v) the failure of the Note Purchase Agreement, the 2022 Notes, or the guarantees by the subsidiary guarantors to be in full force and effect in all material respects and (vi) certain events of bankruptcy or insolvency. Generally, if an event of default occurs (subject to certain exceptions), the trustee or the holders of at least 51% in aggregate principal amount of the then outstanding 2022 Notes of any series may declare all of the 2022 Notes of such series to be due and payable immediately.

At March 31, 2016, we were in compliance with the covenants under the Note Purchase Agreement.

Other Long-Term Debt

We have executed various noninterest bearing notes payable, primarily related to non-compete agreements entered into in connection with acquisitions of businesses. We also have certain notes payable related to equipment financing. These instruments have a combined principal balance of \$61.5 million at March 31, 2016, and the interest rates on these instruments range from 1.17% to 7.08% per year.

Debt Maturity Schedule

The scheduled maturities of our long-term debt are as follows at March 31, 2016:

| Year Ending March 31, | Revolving Credit Facility | 2019 Notes | 2021 Notes | 2022 Notes | Other Long-Term Debt | Total |
|-----------------------|---------------------------------|---------------|---------------|---------------|----------------------------|--------------|
| (in thousands) | | | | | | |
| 2017 | \$ — | \$ — | \$ — | \$ — | \$ 7,899 | \$ 7,899 |
| 2018 | — | — | — | 25,000 | 7,143 | 32,143 |
| 2019 | 1,848,000 | — | — | 50,000 | 6,053 | 1,904,053 |
| 2020 | — | 388,467 | — | 50,000 | 5,621 | 444,088 |
| 2021 | — | — | — | 50,000 | 34,671 | 84,671 |
| Thereafter | — | — | 388,289 | 75,000 | 101 | 463,390 |
| Total | \$ 1,848,000 | \$ 388,467 | \$ 388,289 | \$ 250,000 | \$ 61,488 | \$ 2,936,244 |

Note 9—Income Taxes

We qualify as a partnership for income tax purposes. As such, we generally do not pay United States federal income tax. Rather, each owner reports his or her share of our income or loss on his or her individual tax return. The aggregate difference in the basis of our net assets for financial and tax reporting purposes cannot be readily determined, as we do not have access to information regarding each partner's basis in the Partnership.

We have certain taxable corporate subsidiaries in the United States and in Canada, and our operations in Texas are subject to a state franchise tax that is calculated based on revenues net of cost of sales. Our fiscal years 2012 to 2015 generally remain subject to examination by federal, state, and Canadian tax authorities. We utilize the asset and liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply in the years in which these temporary differences are expected to be recovered or settled. Changes in tax rates are recognized in income in the period that includes the enactment date.

A publicly traded partnership is required to generate at least 90% of its gross income (as defined for federal income tax purposes) from certain qualifying sources. Income generated by our taxable corporate subsidiaries is excluded from this qualifying income calculation. Although we routinely generate income outside of our corporate subsidiaries that is non-qualifying, we believe that at least 90% of our gross income has been qualifying income for each of the calendar years since our IPO.

We evaluate uncertain tax positions for recognition and measurement in the consolidated financial statements. To recognize a tax position, we determine whether it is more likely than not that the tax position will be sustained upon examination, including resolution of any related appeals or litigation, based on the technical merits of the position. A tax position that meets the more likely than not threshold is measured to determine the amount of benefit to be recognized in the consolidated financial statements. We had no material uncertain tax positions that required recognition in our consolidated financial statements at March 31, 2016 or 2015.

Note 10—Commitments and Contingencies

Legal Contingencies

We are party to various claims, legal actions, and complaints arising in the ordinary course of business. In the opinion of our management, the ultimate resolution of these claims, legal actions, and complaints, after consideration of amounts accrued, insurance coverage, and other arrangements, is not expected to have a material adverse effect on our consolidated financial position, results of operations or cash flows. However, the outcome of such matters is inherently uncertain, and estimates of our liabilities may change materially as circumstances develop.

Contractual Disputes

During the year ended March 31, 2015, we settled two separate contractual disputes and recorded \$5.5 million of proceeds to other income in our consolidated statement of operations. Also during the year ended March 31, 2015, we offered to settle another contractual dispute, and recorded \$1.2 million to other expense as an estimate of the probable loss. During the year ended March 31, 2016, we finalized the settlement of this contractual dispute and paid approximately \$0.5 million at the date of settlement and committed to pay approximately \$1.1 million in equal annual installments over a period of 11 years beginning on October 15, 2016 and ending in October 2026.

Environmental Matters

Our consolidated balance sheet at March 31, 2016 includes a liability, measured on an undiscounted basis, of \$2.3 million related to environmental matters, which is reported within accrued expenses and other payables. Our operations are subject to extensive federal, state, and local environmental laws and regulations. Although we believe our operations are in substantial compliance with applicable environmental laws and regulations, risks of additional costs and liabilities are inherent in our business, and there can be no assurance that we will not incur significant costs. Moreover, it is possible that other developments, such as increasingly stringent environmental laws, regulations and enforcement policies thereunder, and claims for damages to property or persons resulting from the operations, could result in substantial costs. Accordingly, we have adopted policies, practices, and procedures in the areas of pollution control, product safety, occupational health, and the handling, storage, use, and disposal of hazardous materials designed to prevent material environmental or other damage, and to limit the financial liability that could result from such events. However, some risk of environmental or other damage is inherent in our business.

The U.S. Environmental Protection Agency (“EPA”) has informed NGL Crude Logistics, LLC (“NGL Crude”; formerly known as Gavilon Energy prior to its acquisition by us in December 2013) of alleged violations in 2011 by Gavilon Energy of the Clean Air Act’s renewable fuel standards regulations. The EPA’s allegations relate to transactions between Gavilon Energy and one of its suppliers and the generation of biodiesel renewable identification numbers sold by such supplier to Gavilon Energy in 2011. We have vigorously denied the allegations. In an effort to resolve this matter, the parties have recently commenced settlement negotiations, which are ongoing.

At this time, we are unable to ascertain whether the settlement discussions will produce a resolution satisfactory to us or whether the EPA will seek resolution of the matter through an enforcement action. As a result, we are also unable to determine the likely terms of any resolution or their significance to us. Although we believe we have legal defenses, it is reasonably possible that we may agree to pay the EPA some amount to settle the matter.

Asset Retirement Obligations

We have contractual and regulatory obligations at certain facilities for which we have to perform remediation, dismantlement, or removal activities when the assets are retired. Our liability for asset retirement obligations is discounted to present value. To calculate the liability, we make estimates and assumptions about the retirement cost and the timing of retirement. Changes in our assumptions and estimates may occur as a result of the passage of time and the occurrence of future events. The following table is a rollforward of our asset retirement obligation, which is reported within other noncurrent liabilities in our consolidated balance sheets (in thousands):

| | | |
|---------------------------|----|-------|
| Balance at March 31, 2014 | \$ | 2,261 |
| Liabilities incurred | | 1,695 |
| Liabilities settled | | (390) |
| Accretion expense | | 333 |
| Balance at March 31, 2015 | | 3,899 |
| Liabilities incurred | | 1,486 |
| Liabilities settled | | (191) |
| Accretion expense | | 380 |
| Balance at March 31, 2016 | \$ | 5,574 |

In addition to the obligations described above, we may be obligated to remove facilities or perform other remediation upon retirement of certain other assets. We do not believe the present value of these asset retirement obligations, under current laws and regulations, after taking into consideration the estimated lives of our facilities, is material to our consolidated financial position or results of operations.

Operating Leases

We have executed various noncancelable operating lease agreements for product storage, office space, vehicles, real estate, railcars, and equipment. The following table summarizes future minimum lease payments under these agreements at March 31, 2016 (in thousands):

| Year Ending March 31, | | |
|-----------------------|----|---------|
| 2017 | \$ | 136,065 |
| 2018 | | 120,723 |
| 2019 | | 98,266 |
| 2020 | | 87,569 |
| 2021 | | 77,821 |
| Thereafter | | 127,315 |
| Total | \$ | 647,759 |

Rental expense relating to operating leases was \$125.5 million, \$125.5 million, and \$98.3 million during the years ended March 31, 2016, 2015, and 2014, respectively.

Pipeline Capacity Agreements

We have executed noncancelable agreements with crude oil and refined products pipeline operators, which guarantee us minimum monthly shipping capacity on the pipelines. As a result, we are required to pay the minimum shipping fees if actual shipments are less than our allotted capacity. The following table summarizes future minimum throughput payments under these agreements at March 31, 2016 (in thousands):

| Year Ending March 31, | | |
|-----------------------|----|---------|
| 2017 | \$ | 53,024 |
| 2018 | | 53,042 |
| 2019 | | 52,250 |
| 2020 | | 42,418 |
| Total | \$ | 200,734 |

Sales and Purchase Contracts

We have entered into product sales and purchase contracts for which we expect the parties to physically settle and deliver the inventory in future periods. The following table summarizes such commitments at March 31, 2016:

| | Volume | Value |
|---|----------------|----------|
| | (in thousands) | |
| Purchase commitments: | | |
| Natural gas liquids fixed-price (gallons) | 22,078 | \$ 8,493 |
| Natural gas liquids index-price (gallons) | 855,945 | 365,477 |
| Crude oil fixed-price (barrels) | 1,077 | 41,756 |
| Crude oil index-price (barrels) | 14,722 | 518,431 |
| Sale commitments: | | |
| Natural gas liquids fixed-price (gallons) | 85,162 | 52,633 |
| Natural gas liquids index-price (gallons) | 312,198 | 197,861 |
| Crude oil fixed-price (barrels) | 2,107 | 92,469 |
| Crude oil index-price (barrels) | 18,754 | 730,583 |

We account for the contracts shown in the table above as normal purchases and normal sales. Under this accounting policy election, we do not record the contracts at fair value at each balance sheet date; instead, we record the purchase or sale at the contracted value once the delivery occurs. Contracts in the table above may have offsetting derivative contracts (described in Note 12) or inventory positions (described in Note 2).

Certain other forward purchase and sale contracts do not qualify for the normal purchase and normal sale election. These contracts are recorded at fair value in our consolidated balance sheet and are not included in the table above. These contracts are included in the derivative disclosures in Note 12, and represent \$31.5 million of our prepaid expenses and other current assets and \$25.2 million of our accrued expenses and other payables at March 31, 2016.

Note 11—Equity

Partnership Equity

The Partnership's equity consists of a 0.1% general partner interest and a 99.9% limited partner interest, which consists of common units. Our general partner is not required to make any additional capital contributions or to guarantee or pay any of our debts and obligations.

Equity Issuances

The following table summarizes our equity issuances for fiscal years 2015 and 2014 (in millions, except unit amounts). There were no equity issuances during fiscal year 2016.

| Issuance Date | Type of Offering | Number of Common Units Issued | Gross Proceeds | Underwriting Discounts and Commissions | Offering Costs | Net Proceeds |
|--------------------|-------------------|-------------------------------|----------------|--|----------------|--------------|
| March 11, 2015 | Public Offering | 6,250,000 | \$ 172.3 | \$ 1.4 | \$ 0.2 | \$ 170.7 |
| June 23, 2014 | Public Offering | 8,767,100 | 383.2 | 12.3 | 0.5 | 370.4 |
| December 2, 2013 | Private Placement | 8,110,848 | 240.0 | — | 4.9 | 235.1 |
| September 25, 2013 | Public Offering | 4,100,000 | 132.8 | 5.0 | 0.2 | 127.6 |
| July 5, 2013 | Public Offering | 10,350,000 | 300.2 | 12.0 | 0.7 | 287.5 |

Common Unit Repurchase Program

On September 10, 2015, the Board of Directors of our general partner authorized a common unit repurchase program pursuant to which we could repurchase up to \$45 million of our outstanding common units through March 31, 2016 from time

to time in the open market or in other privately negotiated transactions. During the year ended March 31, 2016, we repurchased 1,623,804 common units for an aggregate price of \$17.7 million.

Distributions

The following table summarizes distributions declared for the last three fiscal years:

| Date Declared | Record Date | Date Paid | Amount Per Unit | Amount Paid to Limited Partners | Amount Paid To General Partner |
|------------------|------------------|-------------------|-----------------|---------------------------------|--------------------------------|
| (in thousands) | | | | | |
| April 25, 2013 | May 6, 2013 | May 15, 2013 | \$ 0.4775 | \$ 25,605 | \$ 1,189 |
| July 25, 2013 | August 5, 2013 | August 14, 2013 | 0.4938 | 31,725 | 1,739 |
| October 23, 2013 | November 4, 2013 | November 14, 2013 | 0.5113 | 35,908 | 2,491 |
| January 24, 2014 | February 4, 2014 | February 14, 2014 | 0.5313 | 42,150 | 4,283 |
| April 24, 2014 | May 5, 2014 | May 15, 2014 | 0.5513 | 43,737 | 5,754 |
| July 24, 2014 | August 4, 2014 | August 14, 2014 | 0.5888 | 52,036 | 9,481 |
| October 24, 2014 | November 4, 2014 | November 14, 2014 | 0.6088 | 53,902 | 11,141 |
| January 26, 2015 | February 6, 2015 | February 13, 2015 | 0.6175 | 54,684 | 11,860 |
| April 24, 2015 | May 5, 2015 | May 15, 2015 | 0.6250 | 59,651 | 13,446 |
| July 23, 2015 | August 3, 2015 | August 14, 2015 | 0.6325 | 66,248 | 15,483 |
| October 22, 2015 | November 3, 2015 | November 13, 2015 | 0.6400 | 67,313 | 16,277 |
| January 21, 2016 | February 3, 2016 | February 15, 2016 | 0.6400 | 67,310 | 16,279 |
| April 21, 2016 | May 3, 2016 | May 13, 2016 | 0.3900 | 40,626 | 70 |

Several of our business combination agreements contained provisions that temporarily limited the distributions to which the newly issued units were entitled. The following table summarizes the number of equivalent units that were not eligible to receive a distribution on each of the record dates:

| Record Date | Equivalent Units Not Eligible |
|------------------|-------------------------------|
| November 4, 2013 | 979,886 |
| February 6, 2015 | 132,100 |
| May 5, 2015 | 8,352,902 |
| February 3, 2016 | 223,077 |

TLP's Distributions

The following table summarizes distributions declared by TLP after our acquisition of general and limited partner interests in TLP (exclusive of the distribution declared in July 2014, the proceeds of which we remitted to the former owners of TransMontaigne, pursuant to agreements entered into at the time of the business combination) through February 1, 2016, the date TLP was deconsolidated:

| Date Declared | Record Date | Date Paid | Amount Per Unit | Amount Paid To NGL | Amount Paid To Other Partners |
|------------------|------------------|------------------|-----------------|--------------------|-------------------------------|
| (in thousands) | | | | | |
| October 13, 2014 | October 31, 2014 | November 7, 2014 | \$ 0.6650 | \$ 4,010 | \$ 8,614 |
| January 8, 2015 | January 30, 2015 | February 6, 2015 | 0.6650 | 4,010 | 8,614 |
| April 13, 2015 | April 30, 2015 | May 7, 2015 | 0.6650 | 4,007 | 8,617 |
| July 13, 2015 | July 31, 2015 | August 7, 2015 | 0.6650 | 4,007 | 8,617 |
| October 12, 2015 | October 30, 2015 | November 6, 2015 | 0.6650 | 4,007 | 8,617 |
| January 19, 2016 | January 29, 2016 | February 8, 2016 | 0.6700 | 4,104 | 8,681 |

Equity-Based Incentive Compensation

Our general partner has adopted a long-term incentive plan (“LTIP”), which allows for the issuance of equity-based compensation. Our general partner has granted certain restricted units to employees and directors, which vest in tranches, subject to the continued service of the recipients. The awards may also vest in the event of a change in control, at the discretion of the board of directors. No distributions accrue to or are paid on the restricted units during the vesting period.

The restricted units include awards that vest contingent on the continued service of the recipients through the vesting date (the “Service Awards”). The restricted units also include awards that are contingent both on the continued service of the recipients through the vesting date and also on the performance of our common units relative to other entities in the Alerian MLP Index (the “Index”) over specified periods of time (the “Performance Awards”).

The following table summarizes the Service Award activity during the years ended March 31, 2016, 2015 and 2014:

| | |
|--|-----------|
| Unvested Service Award units at March 31, 2013 | 1,444,900 |
| Units granted | 494,000 |
| Units vested and issued | (296,269) |
| Units withheld for employee taxes | (122,531) |
| Units forfeited | (209,000) |
| Unvested Service Award units at March 31, 2014 | 1,311,100 |
| Units granted | 2,093,139 |
| Units vested and issued | (586,010) |
| Units withheld for employee taxes | (354,829) |
| Units forfeited | (203,000) |
| Unvested Service Award units at March 31, 2015 | 2,260,400 |
| Units granted | 1,484,412 |
| Units vested and issued | (844,626) |
| Units withheld for employee taxes | (464,054) |
| Units forfeited | (139,000) |
| Unvested Service Award units at March 31, 2016 | 2,297,132 |

The following table summarizes the scheduled vesting of our unvested Service Award units:

| Year Ending March 31, | Number of Units |
|--|-----------------|
| 2017 | 1,369,491 |
| 2018 | 763,141 |
| 2019 | 142,500 |
| 2020 | 21,000 |
| 2021 | 1,000 |
| Unvested Service Award units at March 31, 2016 | 2,297,132 |

We record the expense for the first tranche of each Service Award on a straight-line basis over the period beginning with the grant date of the awards and ending with the vesting date of the tranche. We record the expense for succeeding tranches over the period beginning with the vesting date of the previous tranche and ending with the vesting date of the tranche. At each balance sheet date, we adjust the cumulative expense recorded using the estimated fair value of the awards at the balance sheet date. We calculate the fair value of the awards using the closing price of our common units on the New York Stock Exchange on the balance sheet date, adjusted to reflect the fact that the holders of the unvested units are not entitled to distributions during the vesting period. We estimate the impact of the lack of distribution rights during the vesting period using the value of the most recent distribution and assumptions that a market participant might make about future distributions.

The following table summarizes the estimated future expense we expect to record on the unvested Service Award units at March 31, 2016 (in thousands), after taking into consideration estimated forfeitures of approximately 210,808 units. For purposes of this calculation, we used the closing price of our common units on March 31, 2016, which was \$7.52.

| Year Ending March 31, | | |
|-----------------------|----|--------|
| 2017 | \$ | 8,426 |
| 2018 | | 2,029 |
| 2019 | | 462 |
| 2020 | | 45 |
| 2021 | | 2 |
| Total | \$ | 10,964 |

The following table is a rollforward of the liability related to the Service Award units, which is reported within accrued expenses and other payables in our consolidated balance sheets (in thousands):

| | | |
|--------------------------------------|----|----------|
| March 31, 2013 | \$ | 5,043 |
| Expense recorded | | 17,804 |
| Value of units vested and issued | | (9,085) |
| Taxes paid on behalf of participants | | (3,750) |
| March 31, 2014 | | 10,012 |
| Expense recorded | | 32,767 |
| Value of units vested and issued | | (23,134) |
| Taxes paid on behalf of participants | | (13,491) |
| March 31, 2015 | | 6,154 |
| Expense recorded | | 35,177 |
| Value of units vested and issued | | (23,631) |
| Taxes paid on behalf of participants | | (12,975) |
| March 31, 2016 | \$ | 4,725 |

The weighted-average fair value of the Service Award units at March 31, 2016 was \$5.61 per common unit, which was calculated as the closing price of the common units on March 31, 2016, adjusted to reflect the fact that the restricted units are not entitled to distributions during the vesting period. The impact of the lack of distribution rights during the vesting period was estimated using the value of the most recent distribution.

During April 2015, our general partner granted 1,041,073 Performance Award units to certain employees. The number of Performance Award units that will vest is contingent on the performance of our common units relative to the performance of the other entities in the Alerian Index. Performance will be calculated based on the total unitholder return (“TUR”) on our common units (including changes in the market price of the common units and distributions paid during the performance period) relative to the TUR on the common units of the other entities in the Alerian Index. The following table presents the number of units granted per tranche, vesting dates and the period over which performance will be measured:

| Performance Units Granted Per Tranche | Vesting Date of Tranche | Performance Period for Tranche |
|---------------------------------------|-------------------------|------------------------------------|
| 349,691 | July 1, 2015 | July 1, 2012 through June 30, 2015 |
| 347,691 | July 1, 2016 | July 1, 2013 through June 30, 2016 |
| 343,691 | July 1, 2017 | July 1, 2014 through June 30, 2017 |

The following table summarizes the percentage of the maximum Performance Award units that will vest will depend on the percentage of entities in the Index that NGL outperforms:

| Our Relative TUR Percentile Ranking | Payout (% of Target Units) |
|--------------------------------------|----------------------------|
| Less than 50th percentile | 0% |
| Between the 50th and 75th percentile | 50%–100% |
| Between the 75th and 90th percentile | 100%–200% |
| Above the 90% percentile | 200% |

The April 2015 Performance Award grants included a tranche that vested on July 1, 2015. During the July 1, 2012 through June 30, 2015 performance period, the return on our common units exceeded the return on 83% of our peer companies in the Index. As a result, the July 1, 2015 tranche of the Performance Awards vested at 151% of the maximum number of awards, and 530,564 common units vested on July 1, 2015. Of these units, recipients elected for us to withhold 210,137 common units for employee taxes, valued at \$6.4 million. We issued the remaining 320,427 common units, valued at \$9.7 million, on July 1, 2015.

The following table summarizes the maximum number of units that could vest on these Performance Awards for each vesting tranche, taking into consideration any Performance Awards that have been forfeited since the grant date:

| Vesting Date of Tranche | Maximum Performance Award Units |
|--------------------------------|--|
| July 1, 2016 | 641,382 |
| July 1, 2017 | 633,382 |
| Total | 1,274,764 |

The following table summarizes the estimated fair value for each unvested tranche at March 31, 2016, without consideration of estimated forfeitures:

| Vesting Date of Tranche | Fair Value of Unvested Awards (in thousands) |
|--------------------------------|---|
| July 1, 2016 | \$ 263 |
| July 1, 2017 | 285 |
| Total | \$ 548 |

We record the expense for each of the tranches of the Performance Awards on a straight-line basis over the period beginning with the grant date and ending with the vesting date of the tranche. At each balance sheet date, we adjust the cumulative expense recorded using the estimated fair value of the awards at the balance sheet date. We calculate the fair value of the awards using a Monte Carlo simulation. The following table summarizes the expense recorded during the year ended March 31, 2016 (in thousands):

| Vesting Date of Tranche | |
|--------------------------------|-----------|
| July 1, 2015 | \$ 16,077 |
| July 1, 2016 | 197 |
| July 1, 2017 | 114 |
| Total | \$ 16,388 |

The following table is a rollforward of the liability related to the Performance Awards units, which is reported within accrued expenses and other payables in our consolidated balance sheet (in thousands):

| | |
|--------------------------------------|---------|
| Balance at March 31, 2015 | \$ — |
| Expense recorded | 16,388 |
| Value of units vested and issued | (9,659) |
| Taxes paid on behalf of participants | (6,420) |
| Balance at March 31, 2016 | \$ 309 |

The number of common units that may be delivered pursuant to awards under the LTIP is limited to 10% of the issued and outstanding common units. The maximum number of units deliverable under the plan automatically increases to 10% of the issued and outstanding common units immediately after each issuance of common units, unless the plan administrator determines to increase the maximum number of units deliverable by a lesser amount. Units withheld to satisfy tax withholding obligations are not considered to be delivered under the LTIP. In addition, when an award is forfeited, canceled, exercised, paid or otherwise terminates or expires without the delivery of units, the units subject to such award are again available for new awards under the LTIP. At March 31, 2016, approximately 4.6 million common units remain available for issuance under the LTIP.

Note 12—Fair Value of Financial Instruments

Our cash and cash equivalents, accounts receivable, accounts payable, accrued expenses, and other current assets and liabilities (excluding derivative instruments) are carried at amounts which reasonably approximate their fair values due to their short-term nature.

Commodity Derivatives

The following table summarizes the estimated fair values of our commodity derivative assets and liabilities reported in our consolidated balance sheet at the dates indicated:

| | March 31, 2016 | | March 31, 2015 | |
|---|-------------------|------------------------|-------------------|------------------------|
| | Derivative Assets | Derivative Liabilities | Derivative Assets | Derivative Liabilities |
| | (in thousands) | | | |
| Level 1 measurements | \$ 47,361 | \$ (3,983) | \$ 83,779 | \$ (3,969) |
| Level 2 measurements | 32,700 | (28,612) | 34,963 | (28,764) |
| | 80,061 | (32,595) | 118,742 | (32,733) |
| Netting of counterparty contracts (1) | (3,384) | 3,384 | (1,804) | 1,804 |
| Net cash collateral provided (held) | (18,176) | 599 | (56,660) | 2,979 |
| Commodity derivatives in consolidated balance sheet | \$ 58,501 | \$ (28,612) | \$ 60,278 | \$ (27,950) |

(1) Relates to commodity derivative assets and liabilities that are expected to be net settled on an exchange or through a netting arrangement with the counterparty.

The following table summarizes the accounts that include our commodity derivative assets and liabilities in our consolidated balance sheets:

| | March 31, | |
|---|----------------|-----------|
| | 2016 | 2015 |
| | (in thousands) | |
| Prepaid expenses and other current assets | \$ 58,501 | \$ 60,278 |
| Accrued expenses and other payables | (28,612) | (27,950) |
| Net commodity derivative asset | \$ 29,889 | \$ 32,328 |

The following table summarizes our open commodity derivative contract positions at the dates indicated. We do not account for these derivatives as hedges.

| Contracts | Settlement Period | Net Long (Short) Notional (Barrels) | Fair Value of Net Assets (Liabilities) |
|---|--------------------------|--|---|
| (in thousands) | | | |
| At March 31, 2016- | | | |
| Cross-commodity (1) | April 2016–March 2017 | 251 | \$ 1,663 |
| Crude oil fixed-price (2) | April 2016–December 2016 | (1,583) | (3,655) |
| Propane fixed-price (2) | April 2016–December 2017 | 540 | (592) |
| Refined products fixed-price (2) | April 2016–June 2017 | (5,355) | 48,557 |
| Other | April 2016–March 2017 | | 1,493 |
| | | | 47,466 |
| Net cash collateral held | | | (17,577) |
| Net commodity derivatives in consolidated balance sheet | | | \$ 29,889 |
| At March 31, 2015- | | | |
| Cross-commodity (1) | April 2015–March 2016 | 98 | \$ (105) |
| Crude oil fixed-price (2) | April 2015–June 2015 | (1,113) | (171) |
| Crude oil index-price (3) | April 2015–July 2015 | 751 | 1,835 |
| Propane fixed-price (2) | April 2015–December 2016 | 193 | (2,842) |
| Refined products fixed-price (2) | April 2015–December 2015 | (3,005) | 84,996 |
| Other | April 2015–December 2015 | | 2,296 |
| | | | 86,009 |
| Net cash collateral held | | | (53,681) |
| Net commodity derivatives in consolidated balance sheet | | | \$ 32,328 |

- (1) Cross-commodity - We may purchase or sell a physical commodity where the underlying contract pricing mechanisms are tied to different commodity price indices. These contracts are derivatives we have entered into as an economic hedge against the risk of one commodity price moving relative to another commodity price.
- (2) Commodity fixed-price - We may have fixed price physical purchases, including inventory, offset by floating price physical sales or floating price physical purchases offset by fixed price physical sales. These contracts are derivatives we have entered into as an economic hedge against the risk of mismatches between fixed and floating price physical obligations.
- (3) Commodity fixed-price - We may purchase or sell a physical commodity where the underlying contract pricing mechanisms are tied to different indices. These indices may vary in the commodity grade or location, or in the timing of delivery within a given month. These contracts are derivatives we have entered into as an economic hedge against the risk of one index moving relative to another index.

The following table summarizes the net gains (losses) recorded from our commodity derivatives to cost of sales for the periods indicated (in thousands):

| Year Ending March 31, | |
|-----------------------|------------|
| 2016 | \$ 103,223 |
| 2015 | 219,421 |
| 2014 | (43,655) |

Credit Risk

We have credit policies that we believe minimize our overall credit risk, including an evaluation of potential counterparties' financial position (including credit ratings), collateral requirements under certain circumstances, and the use of industry standard master netting agreements, which allow for offsetting counterparty receivable and payable balances for certain transactions. At March 31, 2016, our primary counterparties were retailers, resellers, energy marketers, producers, refiners, and dealers. This concentration of counterparties may impact our overall exposure to credit risk, either positively or negatively, as the counterparties may be similarly affected by changes in economic, regulatory or other conditions. If a counterparty does not perform on a contract, we may not realize amounts that have been recorded in our consolidated balance sheets and recognized in our net income.

Interest Rate Risk

Our Revolving Credit Facility is variable-rate debt with interest rates that are generally indexed to bank prime or LIBOR interest rates. At March 31, 2016, we had \$1.8 billion of outstanding borrowings under our Revolving Credit Facility at a rate of 2.94%.

Fair Value of Fixed-Rate Notes

The following table summarizes fair values estimates of our fixed-rate notes at March 31, 2016 (in thousands):

| | | |
|-----------------------|----|---------|
| 5.125% Notes due 2019 | \$ | 235,023 |
| 6.875% Notes due 2021 | | 233,621 |
| 6.650% Notes due 2022 | | 156,638 |

For the 2019 Notes and the 2021 Notes, the fair value estimates were developed based on publicly traded quotes and would be classified as Level 1 in the fair value hierarchy. For the 2022 Notes, the fair value estimate was developed using observed yields on publicly traded notes issued by us, adjusted for differences in the key terms of those notes and the key terms of our notes (examples include differences in the tenor of the debt, credit standing of the issuer, whether the notes are publicly traded, and whether the notes are secured or unsecured). This fair value estimate would be classified as Level 3 in the fair value hierarchy.

Note 13—Segments

The following table summarizes certain financial data related to our segments. Transactions between segments are recorded based on prices negotiated between the segments.

Our refined products and renewables segment began with our December 2013 acquisition of Gavilon Energy and significantly expanded with our July 2014 acquisition of TransMontaigne. On February 1, 2016, we sold our general partner interest in TLP. As a result, on February 1, 2016, we deconsolidated TLP and began to account for our limited partner investment in TLP using the equity method of accounting.

Items labeled “corporate and other” in the table below include the operations of a compressor leasing business that we sold in February 2014 and certain natural gas marketing operations that we acquired in our December 2013 acquisition of Gavilon Energy and wound down during fiscal year 2014. The “corporate and other” category also includes certain corporate expenses that are not allocated to the reportable segments.

| | Year Ended March 31, | | |

| Liquids | 76,173 | 45,072 | 71,888 |
| Retail propane | 44,096 | 64,075 | 61,285 |
| Refined products and renewables | 226,951 | 54,567 | 6,514 |
| Corporate and other | (97,405) | (85,802) | (44,117) |
| Total operating (loss) income | \$ (104,603) | \$ 107,420 | \$ 106,565 |

(1) During the six months ended September 30, 2015, we made certain changes in the way we attribute revenues to the categories shown in the table above. These changes did not impact total revenues. We have retrospectively adjusted previously reported amounts to conform to the current presentation.

The following table summarizes additions to property, plant and equipment by segment. This information has been prepared on the accrual basis, and includes property, plant and equipment acquired in acquisitions.

| | Year Ended March 31, | | |
|---|----------------------|-------------------|-------------------|
| | 2016 | 2015 | 2014 |
| | (in thousands) | | |
| Additions to property, plant and equipment: | | | |
| Crude oil logistics | \$ 447,952 | \$ 58,747 | \$ 204,642 |
| Water solutions | 211,080 | 186,007 | 100,877 |
| Liquids | 50,533 | 114,180 | 52,560 |
| Retail propane | 41,235 | 35,602 | 24,430 |
| Refined products and renewables | 25,147 | 573,954 | 1,238 |
| Corporate and other | 15,172 | 1,286 | 7,242 |
| Total | <u>\$ 791,119</u> | <u>\$ 969,776</u> | <u>\$ 390,989</u> |

The following tables summarize long-lived assets (consisting of property, plant and equipment, intangible assets, and goodwill) and total assets by segment:

| | March 31, | |
|---------------------------------|---------------------|---------------------|
| | 2016 | 2015 |
| | (in thousands) | |
| Long-lived assets, net: | | |
| Crude oil logistics | \$ 1,679,027 | \$ 1,327,538 |
| Water solutions | 1,162,405 | 1,244,965 |
| Liquids | 572,081 | 534,317 |
| Retail propane | 483,330 | 467,254 |
| Refined products and renewables | 180,783 | 808,126 |
| Corporate and other | 36,198 | 32,357 |
| Total | <u>\$ 4,113,824</u> | <u>\$ 4,414,557</u> |
| Total assets: | | |
| Crude oil logistics | \$ 2,197,113 | \$ 2,337,188 |
| Water solutions | 1,236,875 | 1,311,175 |
| Liquids | 693,872 | 713,810 |
| Retail propane | 538,267 | 542,078 |
| Refined products and renewables | 765,806 | 1,669,851 |
| Corporate and other | 128,222 | 81,690 |
| Total | <u>\$ 5,560,155</u> | <u>\$ 6,655,792</u> |

Note 14—Disposals and Impairments
Sale of General Partner Interest in TLP

On February 1, 2016, we completed the sale of our general partner interest in TLP to ArcLight for \$350 million in cash and recorded a gain on disposal of \$329.9 million during the three months ended March 31, 2016. As part of this transaction, we entered into lease agreements whereby we will remain the long-term exclusive tenant in the TLP Southeast terminal system. As a result of entering into these leases, we deferred \$204.6 million of the gain on the sale and will recognize this amount over our future lease payment obligations, which is approximately seven years. During the three months ended March 31, 2016, we recognized \$5.0 million of the deferred gain in our consolidated statement of operations. Expected amortization of the deferred gain is as follows (in thousands):

| Year Ending March 31, | |
|------------------------------|-------------------|
| 2017 | \$ 30,113 |
| 2018 | 30,113 |
| 2019 | 30,113 |
| 2020 | 30,113 |
| 2021 | 29,593 |
| Thereafter | 49,487 |
| Total | \$ 199,532 |

Within our consolidated balance sheet, the current portion of the deferred gain, \$30.1 million, is recorded in accrued expenses and other payables and the long-term portion, \$169.4 million, is recorded in other noncurrent liabilities. In addition, we retained TransMontaigne’s marketing business, which is a significant part of our refined products and renewables segment, and TransMontaigne Product Services, LLC, its customer contracts and its line space on the Colonial and Plantation pipelines. See Note 19 for a discussion of the sale of all common units we held in TLP to an affiliate of ArcLight.

Other Disposals

During the year ended March 31, 2016 in our crude oil logistics segment, (i) two previously-planned projects were canceled and we recorded a loss of \$3.1 million and (ii) we sold and/or abandoned certain trucks, trailers and barges and recorded a loss of \$1.4 million. These losses are reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2016 in our refined products and renewables segment, we recorded a loss of \$1.8 million related to certain property, plant and equipment that we have retired and we also sold certain tank bottoms and recorded a loss of \$1.3 million. These losses are reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2016, we received a payment of \$3.0 million from the state of Maine to relocate certain terminal assets in our liquids segment. This payment is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2015, we sold a natural gas liquids terminal and recorded a loss in our consolidated statement of operations of \$29.8 million, which included a loss on property, plant and equipment of \$21.7 million and a loss of \$8.1 million on goodwill allocated to the assets sold. This loss is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2015, we sold the water transportation business in our water solutions segment and recorded a loss in our consolidated statement of operations of \$4.0 million, which included a loss on property, plant and equipment of \$2.2 million and a loss of \$1.8 million on goodwill allocated to the assets sold. This loss is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2015, we recorded a loss on abandonment of \$3.1 million related to the property, plant and equipment of water disposal facilities that we have retired in our water solutions segment. This loss is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

We acquired Gaviion Energy in December 2013, which operated a natural gas marketing business. During March 2014, we assigned all of the storage and transportation contracts of the natural gas marketing business to a third party. Since these contracts were at unfavorable terms relative to current market conditions, we paid \$44.8 million to assign these contracts. We recorded a liability of \$50.8 million related to these storage and transportation contracts in the acquisition accounting, and we amortized \$6.0 million of this balance as a reduction to cost of sales during the period from the acquisition date through the date we assigned the contracts. We also assigned all forward purchase and sale contracts and all financial derivative contracts, and thereby wound down the natural gas business. Our consolidated statement of operations for the year ended March 31, 2014 includes \$1.4 million of operating income related to the natural gas business, which is reported within “corporate and other” in the segment disclosures in Note 13.

We acquired High Sierra in June 2012, which operated a compressor leasing business. We sold the compressor leasing business in February 2014 for \$10.8 million (net of the amount due to the owner of the noncontrolling interest in the business). We recorded a gain on the sale of the business of \$4.4 million, \$1.6 million of which was attributable to the disposal of the noncontrolling interest. We reported the gain as a reduction to loss on disposal or impairment of assets, net in our consolidated statement of operations. Our consolidated statement of operations for the year ended March 31, 2014 includes \$2.3 million of operating income related to the compressor leasing business, which is reported within “corporate and other” in the segment disclosures in Note 13.

Long-lived Asset Impairments

During the fourth quarter of fiscal year 2016, we recorded a write-down of \$47.7 million related to pipe we no longer expect to use in the originally-planned Grand Mesa Pipeline, which is reported within loss on disposal or impairment of assets, net.

During the year ended March 31, 2016, we recorded an impairment of \$2.4 million to the property, plant and equipment of two of our crude oil barges in our crude oil logistics segment, which is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2016, we wrote off assets of \$14.6 million acquired as part of the Gaviion Energy acquisition that we deemed no longer recoverable in our liquids segment, which is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2014, we recorded an impairment of \$5.3 million to the property, plant and equipment of one of our natural gas liquids terminals in our liquids segment, which is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

During the year ended March 31, 2014, two of our water solutions facilities in our water solutions segment experienced damage to their property, plant and equipment as a result of lightning strikes. We recorded a write-down to property, plant and equipment of \$1.5 million related to these incidents, which is reported within loss on disposal or impairment of assets, net in our consolidated statement of operations.

Goodwill Impairment

Due to the continued decline in crude oil prices and crude oil production, we tested the goodwill within our water solutions reporting unit for impairment at December 31, 2015. At December 31, 2015, our water solutions reporting unit had a goodwill balance of \$660.8 million. We estimated the fair value of our water solutions reporting unit based on the income approach, also known as the discounted cash flow method, which utilizes the present value of cash flows to estimate the fair value. The future cash flows of our water solutions reporting unit were projected based upon estimates as of the test date of future revenues, operating expenses and cash outflows necessary to support these cash flows, including working capital and maintenance capital expenditures. We also considered expectations regarding: (i) expected disposal volumes, which have continued in spite of the lower crude oil price environment as oilfield producers have focused on their most productive properties and have continued to deliver disposal volumes to our facilities, and (ii) the crude oil price environment as reflected in crude oil forward prices as of the test date. In performing the discounted cash flow analysis, we utilized reports issued by independent third parties projecting crude oil prices through 2018. We assumed an approximate \$1/barrel increase each quarter for the periods beyond those represented in the reports, with crude oil reaching \$65/barrel by the fourth quarter of 2021. We

used a price of \$32/barrel for the fourth quarter of 2016, the starting point of our cash flow projections. We kept prices constant at \$65/barrel for periods in our model beyond 2021. Consistent with observed disposal volume trends, the disposal volumes were based on an expectation of a certain amount of production returning at certain crude oil price levels. For expenses, we assumed an increase consistent with the increase in disposal volumes. The discount rate used in our discounted cash flow method was calculated by using the average of the range of discount rates from a recent water solutions transaction similar in size to our water solutions reporting unit. The discounted cash flow results indicated that the estimated fair value of our water solutions reporting unit was greater than its carrying value by approximately 9% at December 31, 2015.

As a result of the continued decline in crude oil production, its continued adverse impact on our water solutions reporting unit and the completion of our annual budget process we decided to test the goodwill within our water solutions reporting unit for impairment as of March 31, 2016 as it was more likely than not that the fair value of our water solutions reporting unit was less than the carry amount. Similar to the testing performed as of December 31, 2015, fair value of the water solutions reporting unit was based on the income approach, which utilizes the present value of cash flows to estimate the fair value. We utilized the same pricing, expense and discount rate assumptions in our current model as described above but adjusted our expected water volumes and percentage recovered hydrocarbons to match what we have budgeted for our fiscal year 2017. Volumes budgeted for fiscal year 2017 were heavily influenced by the reporting unit's fourth quarter 2017 operating results. We utilized the same assumptions related to anticipated volume growth as above. The discounted cash flow results indicated that the estimated fair value of our water business was less than its carrying value by approximately 11% at March 31, 2016.

During the year ended March 31, 2016, we recorded an estimated goodwill impairment charge of \$380.2 million, which is recorded within loss on disposal or impairment of assets in our consolidated statements of operations. We plan to finalize our goodwill impairment analysis prior to issuing our financial statements for the quarter ending June 30, 2016, and will adjust our estimated impairment as needed. At March 31, 2016 our water solutions reporting units had a goodwill balance of \$290.9 million.

Our estimated fair value is predicated upon crude oil prices increasing over the next six years based on the third party forecasts utilized and management's assumption of a price recovery to \$65/barrel by 2021. We used this increase in crude oil prices to estimate the volume of wastewater to be processed at our facilities, based on the expected increased production by our customers, and the revenue generated by selling the hydrocarbons extracted from the wastewater. The projected prices we used were from reports generated by independent third parties and were based on their assessment of the market and their expectation of the market going forward. Due to the current volatility in the crude oil market, we believe that it is reasonably possible that crude oil prices could decline. Further declines in crude oil prices would negatively affect the timing of the recovery of crude oil prices and the estimated water disposal volumes we used in our estimates, such that our estimate of fair value could change and result in further impairment of the goodwill in our water solutions reporting unit.

For our other reporting units, we performed a qualitative assessment as of January 1, 2016 to determine whether it is more likely than not that the fair value of each reporting unit is greater than the book value of the reporting unit. Based on these qualitative assessments we determined that the fair value of each of these reporting units was more likely than not greater than the carrying value of the reporting units.

We did not record any goodwill impairments during the years ended March 31, 2015 and March 31, 2014.

Note 15—Transactions with Affiliates

SemGroup Corporation ("SemGroup") holds ownership interests in our general partner. We sell product to and purchase product from SemGroup, and these transactions are included within revenues and cost of sales, respectively, in our consolidated statements of operations. We also lease crude oil storage from SemGroup.

We purchase ethanol from an equity method investee. These transactions are reported within cost of sales in our consolidated statements of operations.

Certain members of our management and members of their families own interests in entities from which we have purchased products and services and to which we have sold products and services. During the year ended March 31, 2016, \$32.7 million of these transactions were capital expenditures and were recorded as increases to property, plant and equipment.

The following table summarizes these related party transactions:

| | Year Ended March 31, | | |
|--|----------------------|-----------|------------|
| | 2016 | 2015 | 2014 |
| | (in thousands) | | |
| Sales to SemGroup | \$ 43,825 | \$ 88,276 | \$ 160,993 |
| Purchases from SemGroup | 53,209 | 130,134 | 300,164 |
| Sales to equity method investees | 14,836 | 14,493 | — |
| Purchases from equity method investees | 113,780 | 149,828 | 47,731 |
| Sales to entities affiliated with management | 318 | 2,151 | 110,824 |
| Purchases from entities affiliated with management | 45,197 | 29,419 | 120,038 |

Accounts receivable from affiliates consist of the following at the dates indicated:

| | March 31, | |
|--|----------------|-----------|
| | 2016 | 2015 |
| | (in thousands) | |
| Receivables from SemGroup | \$ 1,166 | \$ 13,443 |
| Receivables from equity method investees | 14,446 | 652 |
| Receivables from entities affiliated with management | 13 | 3,103 |
| Total | \$ 15,625 | \$ 17,198 |

Accounts payable to affiliates consist of the following at the dates indicated:

| | March 31, | |
|---|----------------|-----------|
| | 2016 | 2015 |
| | (in thousands) | |
| Payables to SemGroup | \$ 1,823 | \$ 11,546 |
| Payables to equity method investees | 3,947 | 6,788 |
| Payables to entities affiliated with management | 1,423 | 7,460 |
| Total | \$ 7,193 | \$ 25,794 |

We also have a loan receivable of \$22.3 million at March 31, 2016 from an equity method investee. During the year ended March 31, 2016, we received loan payments of \$1.5 million from our investee in accordance with the loan agreement. The investee makes loan payments from time to time in accordance with the loan agreement and is required to make monthly principal payments beginning on June 1, 2018 with the remaining principal balance due on May 31, 2020.

During the year ended March 31, 2014, we completed the acquisition of a crude oil logistics business owned by an employee. We paid \$11.0 million of cash for this acquisition.

Note 16—Other Matters

Grand Mesa Pipeline

In September 2014, we entered into a joint venture with RimRock Midstream, LLC (“RimRock”) whereby each party owned a 50% interest in Grand Mesa Pipeline, LLC (“Grand Mesa”). In October 2014, we obtained ship-or-pay volume commitments from multiple shippers to begin construction of the Grand Mesa Pipeline, which will originate in Colorado and terminate in Cushing, Oklahoma. In November 2014, we acquired RimRock’s 50% ownership interest in Grand Mesa for \$310.0 million in cash. In November 2015, Grand Mesa Pipeline entered into an agreement with Saddlehorn Pipeline Company, LLC (“Saddlehorn”), under which we acquired a 37.5% undivided interest in a crude oil pipeline currently under construction (the “Joint Pipeline”). The Joint Pipeline will take receipt from Grand Mesa Pipeline’s origin in Colorado and will deliver to Cushing, Oklahoma. We will have the right to utilize 150,000 barrels per day of capacity on the Joint Pipeline. Operating costs will be allocated to us based on our proportionate ownership interest and throughput. We expect the Joint Pipeline to be operational beginning in the third quarter of fiscal year 2017.

Through our undivided interest in the Joint Pipeline, we will have expanded capacity, sufficient to service our customer contracts at the same origin and termination points with the ability to accept additional volume commitments. We will retain ownership of our previously-acquired easements for the potential future development of transportation projects involving petroleum commodities other than crude oil and condensate. With the consent and participation of Saddlehorn, we and Saddlehorn may consider future opportunities using these easements for projects involving the transportation of crude oil and condensate.

During the six months ended March 31, 2016, we reclassified \$47.0 million of costs to acquire land, rights-of-way and easements on the originally-planned Grand Mesa Pipeline route to intangible assets. As discussed above, we acquired an undivided interest in a different crude oil pipeline with the same origin and destination points as those of our originally-planned Grand Mesa Pipeline route. We will retain the land, rights-of-way and easements along the originally-planned Grand Mesa Pipeline route for potential future development.

Purchase of Pipeline Capacity Allocations

On certain interstate refined product pipelines, shipment demand exceeds available capacity, and capacity is allocated to shippers based on their historical shipment volumes. During the year ended March 31, 2015, we paid \$24.2 million to acquire certain refined product pipeline capacity allocations from other shippers.

Crude Oil Rail Transloading Facility

In October 2014, we announced plans to build a crude oil rail transloading facility, backed by executed producer commitments. Subsequent to executing these commitments, the producers requested to be released from the commitments. We agreed to release the producers from their commitments in return for a cash payment in March 2015 and additional cash payments over the next five years. In addition, one of the producers committed to pay us a specified fee on each barrel of crude oil it produces in a specified basin over a period of seven years. Upon execution of these agreements in March 2015, we recorded a gain of \$31.6 million to other income in our consolidated statement of operations, net of certain project abandonment costs.

Note 17—Error Correction

Subsequent to the issuance of certain previously issued financial statements, we determined that there were errors in those financial statements from not recording certain contingent consideration liabilities related to royalty agreements assumed as part of acquisitions in our water solutions segment. The effect of the error was material to the financial statements for each of the first three fiscal quarters of 2016 so those quarters have been restated for the effects of the error correction. The effect of the error was not material to the financial statements for the fiscal year 2015 or for the quarters within fiscal year 2015. As a result, fiscal year 2015 and the quarters within fiscal year 2015 have been changed for the correction of an immaterial error in accordance with the methodology described in *SAB Topic 1N, Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in the Current Year Financial Statements*.

We have changed our previously issued (i) consolidated balance sheet at March 31, 2015, (ii) consolidated statement of operations, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year ended March 31, 2015, and (iii) unaudited financial information for the quarters within fiscal year 2015. We are restating our previously issued unaudited financial information for the first three fiscal quarters of 2016. The following tables summarize the impact of the error correction on our consolidated financial statements, each as compared with the amounts presented in previously issued financial statements. Certain of the as previously reported balances include purchase accounting adjustments and the adoption of ASU 2015-03 related to debt issuance costs (see Note 2).

The following tables summarize the as previously reported balances, adjustments, and corrected and restated balances on our consolidated balance sheets by financial statement line item (in thousands):

December 31, 2015
(Unaudited)

| | As Reported | Adjustment | As Restated |
|-------------------------------------|--------------------|-------------------|--------------------|
| Goodwill | \$ 1,522,644 | \$ 177,509 | \$ 1,700,153 |
| Total assets | 6,547,043 | 177,509 | 6,724,552 |
| Accrued expenses and other payables | 193,295 | 4,563 | 197,858 |
| Total current liabilities | 796,908 | 4,563 | 801,471 |

The following table summarizes the as previously reported balances, adjustments and corrected balances on the consolidated statement of comprehensive income by financial statement line item for the year ended March 31, 2015 (in thousands):

| | Year Ended March 31, 2015 | | |
|----------------------|------------------------------|------------|--------------|
| | As Reported | Adjustment | As Corrected |
| Net income | \$ 29,884 | \$ 20,309 | \$ 50,193 |
| Comprehensive income | 30,011 | 20,309 | 50,320 |

The only changes to the consolidated statements of comprehensive income for all periods, including the interim periods for fiscal 2015 and 2016, are the changes to net income (loss) shown in the tables above.

The following table summarizes the as previously reported balances, adjustments and corrected balances on our consolidated statement of changes in equity by financial statement line item for the year ended March 31, 2015 (in thousands):

| | Year Ended March 31, 2015 | | |
|---|------------------------------|------------|--------------|
| | As Reported | Adjustment | As Corrected |
| Net income allocated to general partner | \$ 45,679 | \$ 21 | \$ 45,700 |
| Net income attributable to noncontrolling interests | 13,223 | (336) | 12,887 |
| Net loss allocated to limited partners | (29,018) | 20,624 | (8,394) |
| Net income | 29,884 | 20,309 | 50,193 |
| Equity - general partner interest | (37,021) | 21 | (37,000) |
| Equity - limited partners interest | 2,162,924 | 20,624 | 2,183,551 |
| Equity - noncontrolling interests | 547,326 | (336) | 546,990 |
| Total equity | 2,673,120 | 20,309 | 2,693,432 |

The following table summarizes the as previously reported balances, adjustments and corrected balances on our consolidated statement of cash flows by financial statement line item for the year ended March 31, 2015 (in thousands):

| | Year Ended March 31, 2015 | | |
|--|------------------------------|------------|--------------|
| | As Reported | Adjustment | As Corrected |
| Net income | \$ 29,884 | \$ 20,309 | \$ 50,193 |
| Revaluation of liabilities | — | (12,264) | (12,264) |
| Accrued expenses and other liabilities | (53,844) | (8,045) | (61,889) |

The only changes to the consolidated statements of cash flows for all periods, including the interim periods for fiscal 2015 and 2016, are the changes to net income (loss) and the reconciling items from net income (loss) to cash flows from operations: revaluation of liabilities and changes in accrued expenses and other liabilities. Total cash flows from operating, investing and financing activities are unchanged for all periods.

Note 18—Quarterly Information (Unaudited) (As Corrected and Restated)

The following tables summarize our corrected and restated historical consolidated balance sheets and consolidated statements of operations for the interim quarters impacted by the changes discussed in Note 17. Certain of the as corrected and restated balances include purchase accounting adjustments and the adoption of ASU 2015-03 related to debt issuance costs (see Note 2). The computation of net income (loss) per common unit is done separately by quarter and year. The total of net income (loss) per common unit of the individual quarters may not equal net income (loss) per common unit for the year, due primarily to the income allocation between the general partner and limited partners and variations in the weighted average units outstanding used in computing such amounts.

Our retail propane segment's business is seasonal due to weather conditions in our service areas. Propane sales to residential and commercial customers are affected by winter heating season requirements, which generally results in higher operating revenues and net income during the period from October through March of each year and lower operating revenues and either net losses or lower net income during the period from April through September of each year. Our liquids segment is also subject to seasonal fluctuations, as demand for propane and butane is typically higher during the winter months. Our operating revenues from our other segments are less weather sensitive. Additionally, the acquisitions described in Note 4 impact the comparability of the quarterly information within the year, and year to year. The numbers in the tables below, with the exception of the units outstanding and the per unit numbers are represented in thousands.

On February 1, 2016, we completed the sale of our general partner interest in TLP to ArcLight and recognized a gain of \$130.4 million in our consolidated statement of operations (see Note 14 for a further discussion).

During the fourth quarter of fiscal year 2016, we recorded an estimated goodwill impairment charge of \$380.2 million as the decline in crude oil prices and crude oil production have had an unfavorable impact on our water solutions business. Also, during the fourth quarter of fiscal year 2016, we recorded write-downs and impairments of certain property, plant and equipment of \$64.7 million (see Note 14 for a further discussion).

During the fourth quarter of fiscal year 2016, we repurchased a portion of our 2019 Notes and 2021 Notes and recorded a gain on the early extinguishment of debt of \$28.5 million (see Note 8 for a further discussion).

As described in Note 16, in March 2015, we agreed to release certain producers from certain commitments in return for a cash payment in March 2015 and additional cash payments over the next five years. Upon execution of these agreements in March 2015, we recorded a gain of \$31.6 million to other income in our consolidated statement of operations, net of certain project abandonment costs.

Note 19—Subsequent Events

Sale of TLP Common Units

On April 1, 2016, we sold all of the TLP common units we owned to ArcLight for approximately \$112.4 million in cash.

Repurchases of Senior Notes

During April 2016, we repurchased \$5.0 million of our 2019 Notes and \$19.2 million of our 2021 Notes for an aggregate purchase price of \$15.1 million (excluding payments of accrued interest). As a result, we expect to record a gain on the early extinguishment of these notes of \$8.6 million (net of the write off of debt issuance costs of \$0.5 million) during the three months ended June 30, 2016.

Class A Convertible Preferred Units

On April 21, 2016, we entered into an agreement to issue \$200 million of 10.75% Class A Convertible Preferred Units (“Preferred Units”) to Oaktree Capital Management L.P. (“Oaktree”). Oaktree may acquire 16.6 million Preferred Units at a price of \$12.03 per unit as well as 3.6 million warrants, which are subject to certain vesting and exercise terms. We expect to use the net proceeds from the issuance of the Preferred Units to repay borrowings outstanding on our Revolving Credit Facility, which may be re-borrowed in the future to fund capital expenditures and for other general partnership purposes.

Note 20—Consolidating Guarantor and Non-Guarantor Financial Information

Certain of our wholly owned subsidiaries have, jointly and severally, fully and unconditionally guaranteed the 2019 Notes and the 2021 Notes (see Note 8). Pursuant to Rule 3-10 of Regulation S-X, we have presented in columnar format the consolidating financial information for NGL Energy Partners LP, NGL Energy Finance Corp. (which, along with NGL Energy Partners LP, is a co-issuer of the 2019 Notes and 2021 Notes), the guarantor subsidiaries on a combined basis, and the non-guarantor subsidiaries on a combined basis in the tables below.

During the periods presented in the tables below, the status of certain subsidiaries changed, in that they either became guarantors of or ceased to be guarantors of the 2019 Notes and 2021 Notes. Such changes have been given retrospective application in the tables below.

There are no significant restrictions that prevent the parent or any of the guarantor subsidiaries from obtaining funds from their respective subsidiaries by dividend or loan. None of the assets of the guarantor subsidiaries (other than the investments in non-guarantor subsidiaries) are restricted net assets pursuant to Rule 4-08(e)(3) of Regulation S-X under the Securities Act of 1933, as amended.

For purposes of the tables below, (i) the consolidating financial information is presented on a legal entity basis, (ii) investments in consolidated subsidiaries are accounted for as equity method investments, and (iii) contributions, distributions, and advances to (from) consolidated entities are reported on a net basis within net changes in advances with consolidated entities in the consolidating statement of cash flow tables below.
