

**DATE:** September 28, 2015  
**FROM:** Kelcy Warren, ETE Chairman  
**TO:** All Energy Transfer Partnership Employees  
**SUBJECT:** **ETE to Acquire the Williams Companies, Inc.**

Today, we announced that Energy Transfer Equity, L.P. (“ETE”) has entered into a definitive merger agreement to combine with The Williams Companies, Inc. (“Williams”). This announcement comes after a significant amount of discussions and negotiations with Williams. Under the terms of the merger agreement, a new ETE affiliate, Energy Transfer Corp LP (NYSE: ETC), will acquire all of the issued and outstanding common stock of Williams and assume Williams’ existing debt and other liabilities.

This transformative transaction, which is valued at \$37.7 billion, is the largest transaction to date for the Energy Transfer family. I believe that this combination of assets will create substantial value for both companies that would not otherwise be realized. Upon closing, which is expected to occur in the first half of 2016, Energy Transfer will be the largest energy infrastructure company, the third largest energy franchise in North America and one of the five largest global energy companies.

With this transaction, ETE will have a combination of assets that creates a unique collection of compatible businesses that will drive near and long-term value for all stakeholders. The family of partnerships will include two of the largest diversified MLPs in Energy Transfer Partners, L.P. and Williams Partners, L.P., the second largest crude and logistics MLP in Sunoco Logistics Partners L.P., and a fast-growing retail fuel MLP in Sunoco LP. As a result, we will be better positioned with greater strategic and financial optionality even in a volatile commodity price environment.

I understand this announcement will create many questions for all of our Energy Transfer family employees and all of the Williams employees. As always, we commit to developing a process to answer all of those questions at the appropriate time. However, we ask that everyone be mindful that this transaction is subject to anti-trust clearance and shareholder approval and our communications may be limited in respect of those items. We would also ask that Energy Transfer employees not engage in discussion of this transaction and any potential impacts with their counterparts at Williams until such communications are permitted by the respective senior management teams.

While this news represents exciting information about our future, we always remain mindful of how we got here and getting here is in no small part attributable to all of the hard work and dedication of all of you. I also want to thank the members of our team who worked so hard to negotiate and finalize this transaction for all of their efforts.

Thank you,

Kelcy Warren
