Notes to the Unaudited Pro Forma Condensed Consolidated Financial Statements

1. Basis of presentation

The Transaction will be accounted for in accordance with Financial Accounting Standards Board Accounting Standards Codification ("ASC") 810, Consolidation – Overall – Changes in a Parent's Ownership Interest in a Subsidiary. SemGroup controls and consolidates Rose Rock prior to the Transaction and will retain control of Rose Rock subsequent to the Transaction. Therefore, the change in SemGroup's ownership interest in Rose Rock will be accounted for as an equity transaction and no gain or loss will be recognized in SemGroup's consolidated statements of operations and comprehensive income (loss) as a result of the Transaction.

2. Pro forma adjustments

- (a) Reflects the estimated impact of deferred income taxes resulting from the Transaction using SemGroup's statutory federal and state tax rate of 37.9%. The amount reflects a net adjustment of \$116.5 million related to the effects of the change in ownership and the step-up in tax basis as a result of SemGroup's acquisition of the publicly-held interests in Rose Rock. The deferred income tax adjustment is based on a SemGroup illustrative share price of \$29.50. Actual amounts will be determined on the SemGroup share price as of the Transaction close date.
- (b) Reflects the expected \$8 million cost of the Transaction for legal, advisory and other costs. As the Transaction is accounted for as an equity transaction, these costs will be recognized as an adjustment to additional paid-in capital, net of income tax benefit of approximately \$3 million.
- (c) Reflects the issuance of approximately 13.1 million common shares of SemGroup for purchase of the noncontrolling interest in Rose Rock. The number of shares to be issued is estimated based on the agreed upon ratio of 0.8136 SemGroup common shares per Rose Rock common unit and the 16.1 million publicly-held Rose Rock common units issued and outstanding at March 31, 2016.
- (d) Reflects the additional income tax expense on the incremental income attributable to SemGroup as a result of the Transaction and the resultant impact of the change in the effective tax rate.
- (e) Reflects the additional net income attributable to SemGroup common shares had the Transaction occurred at January 1, 2015.
- (f) Reflects the additional outstanding common shares of SemGroup for the year ended December 31, 2015 and the three months ended March 31, 2016 had the Transaction occurred at January 1, 2015. Incremental shares were calculated as described at note (c), above. No additional dilutive shares were assumed related to unvested Rose Rock restricted unit compensation awards, which will be converted into unvested SemGroup restricted share compensation awards based on the agreed upon ratio of 0.8136, for the year ended December 31, 2015. Unvested equity compensation awards were antidilutive for the three months ended March 31, 2016 due to the net loss for that period.
